

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a piece of electronic equipment is on a wooden bench. To its right, a power supply unit sits on the floor, connected to a power strip on the wall. On the right, a wooden table holds a small electronic device with a digital display and some test leads.
Radiation Emission View (Below 30MHz)	 A photograph of a radiation emission test setup. A yellow, shield-shaped object is mounted on a rotating turntable. The turntable is inside a square frame. The background is a wall covered with white, square-shaped electromagnetic interference (EMI) shields. The floor is dark and has yellow and black safety tape markings.

**Radiation Emission
View (30MHz to 1GHz)**
