This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and  
(2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC RF warning statement: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## BACK

### Welcome to the ATOM™ Radium X Bluetooth Earbuds.

#### Install Ear Tip

Choose among three sizes, and insert onto the earbuds.

#### Power On/Off

Press & hold main control button until the LED lights. Voice prompts will also indicate whether the earbuds are powering on or off.

#### Pair to Bluetooth device

With the earbuds powered off, press and hold the main control button for 5 seconds until the LED light starts blinking red and blue. Go into the Bluetooth settings on your device and search for new devices. Select the "RADIUM X" device name that will appear in the list. After a few seconds the device will note "connected" and the LED light will stop blinking. Please allow up to 20 seconds to establish the full connection. If connection fails, select "RADIUM X" again, or start the process over.

#### Answer a call

Press the main control button.

#### Dismiss a call

Press the main control button for 1.5 seconds until you hear a beep.

#### Hang up a call or stop dialing

Press the main control button.

#### Play/Pause toggle

Press the main control button.

#### Skip Song Forward/Back

Double click the plus button to skip forward. Double click the minus button to skip backward.

#### Clear Paired Devices

Hold plus and minus buttons simultaneously for five seconds.

#### To charge the battery

Plug small plug into the earbud, and other end into USB port/charger. LED light will light indicating charging. Light will turn blue when charged.
