

NECKIE User Manual

Model : NECKIE E1
FCC ID:2AOHZ000E1

1. How to Connect?

1.1 Ensure the headset is off, then tap and hold the MFB (Multi-Functional button) till the LED blinks blue (means in the pairing mode).

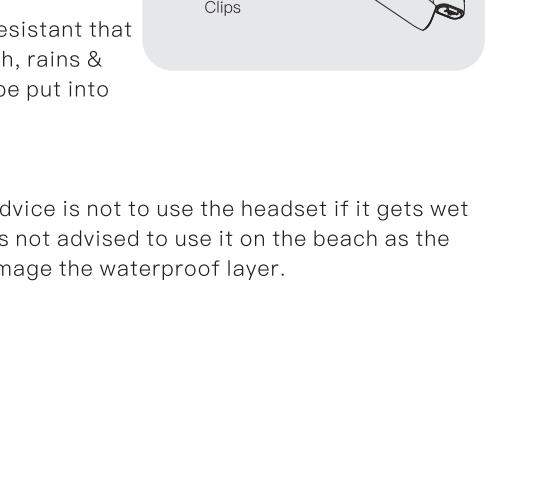

1.2 Turn on Bluetooth of your mobile device, search and connect "NECKIE".

1.3 If you fail to connect, please pay attention to the below:

(1) Please turn off other Bluetooth devices that may connect NECKIE.

(2) Pairing distance is advised to be within 3 feet (1 meter).

(3) Restart NECKIE and your device, then reopen their Bluetooth again for a second try.

For better audio listening, it is advised to start a new headphone with some soft light music first under relatively low volume. It may takes days and even longer before the headset's speaker is fully "warm up" and perform the best.

Thanks for your purchase of our NECKIE Bluetooth Headset. We hope that we will give you a satisfied user experience.

2. How to Wear?

When battery runs low, you can continue your music via the "USB to 3.5mm Jack Audio Cable" to connect NECKIE to your device. -- super fit when you are wearing a shirt.

2.2 There are S/M/L sizes of soft eartips for a secure and comfortable fit. Try and find the best one.

2.3 You can move the clips to get a proper wire length. With these clips, you can manage the cords neat and clean. It is also good for their protection.

2.4 NECKIE is IPX5 water-resistant that can withstands sweat, splash, rains & humid weather (but cannot be put into the water).

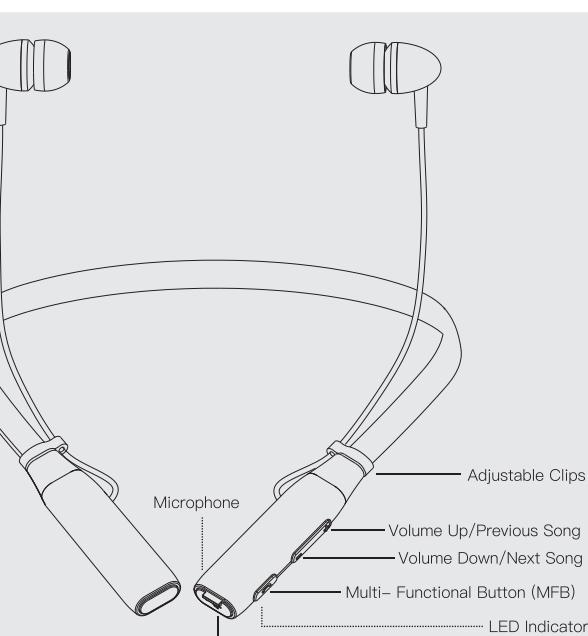

Note:

For better service life, the advice is not to use the headset if it gets wet until it is dry again. Also, it is not advised to use it on the beach as the corrosive sea water may damage the waterproof layer.

While you're in phone calls, say your mouth close to the microphone can deliver louder and clearer talking.

3. How to Use?

3.1 Headset Overview

3.2 How to Charge

Ensure the headset is off. Then tap and hold the MFB for about 10 seconds until the headset power on and finally power off (means the setting is restored and all pairing history is clear).

5. Any Problems?

If you have any problems in actual use, please feel free to consult on Amazon, we will reply within 24 hours for your issue. It is appreciated that you can write a review if you like our products, as your feedback can make a difference for us to improve our future product and service. Thank you very much!

FC Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for uncontrolled environment.
