

## Product Equality Declaration

12.12.2022

Subject: LEO and MARK 3 Equality

FCC Number LEO: 2AOJL-LEO

IC Number LEO: 23450-LEO

FCC Number MARK 3: 2AOJL-MARK-3

IC Number: 23450-MARK3

To whom it may concern

We, Workaround GmbH hereby state that the our model LEO and MARK 3 is in the same base for their design and the only main difference is the scan engine. Please see below the list of the same main critical components:

RF Component: Nordic nRF 5340

Antenna: The same custom design antenna (PCB, IoT Platform BLE Antenna)

Main PCB: the same custom design

Battery: The same (ATL 692532)

Difference:

Scan engine MARK 3: Zebra SE 5500

Scan engine LEO: Zebra SE 4107

According to this equality we here by declare that the LEO models FCC or ISED test reports and results can be used or transferred for MARK 3 FCC and ISED certification.

report numbers of LEO (FCC: UL-RPT-RP-14317245-216-FCC / ISED Canada: UL-RPT-RP-14317245-216-ISED) from which the results can be transferred

verification testing has been performed with MARK 3 with references to the reports (FCC: UL-RPT-RP-14421035-216-FCC / ISED Canada: UL-RPT-RP-14421035-216-ISED).

Yours faithfully,

Arif Cilgin

Product Compliance Manager
