

# ANTENNA SPECIFICATION

## SUMMARY

|                      |                                                             |
|----------------------|-------------------------------------------------------------|
| ITEM                 | LR1017                                                      |
| Model Name           | LR-KOBJ                                                     |
| Center Frequency     | 315MHz                                                      |
| MAX Gain             | Horizontal and Vertical                                     |
| Polarization         | Omni-directional                                            |
| Azimuth Beam Pattern | 50 Ohm                                                      |
| Impedance            | 38.88mm                                                     |
| Antenna Length       | Remote Tech LLC                                             |
| Manufacture          | Farmingdale, NY<br>224 SHERWOOD AVE FARMINGDALE NY<br>11735 |
| Manufacture Address  | Farmingdale, NY<br>224 SHERWOOD AVE FARMINGDALE NY<br>11735 |
