

FitRx™ ActiveTrack

health + fitness trackers

User Guide

Introduction

Keep track of all your important health data while you're on the go with the FitRx™ ActiveTrack Bracelets! These mini Bluetooth-enabled devices easily keep track of your steps, heart rate, blood pressure, and more throughout the day, and even measure your sleep and workout data. Featuring Bluetooth compatibility, quick pairing to most Android or iOS smartphones, and a lightweight, water-resistant design, the FitRx™ ActiveTrack Bracelets are your new everyday companions!

What's Included

- 2x ActiveTrack Bracelets
- 2x USB Chargers
- User Guide

Warning:
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.
NOTE: This device and its antenna(s) must not be co-located or operated in conjunction with any other antenna or transmitter.
The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure condition without restriction.

Features

- Track your workout data, heart rate, blood pressure, steps, and more.
- Quick and easy pairing to your smartphone.
- Water-resistant design with a bright LED display.
- Support for Android 4.2/iOS 8.0 and above.
- Lightweight and adjustable band for comfortable all-day wear.

Charging the ActiveTrack Bracelets

1. Slide the ActiveTrack into the USB charger. Be sure to line up the charging nodes to the prongs on the USB charger, with the LED display facing up.
2. Plug the USB charger into a USB power source.

Note: The ActiveTrack should fully charge in approximately 2-3 hours.

Pairing an ActiveTrack Bracelet to Your Smartphone

1. Download the "HryFine" app from the Apple App Store or the Google Play Store, or scan the QR code above.
2. Tap and hold the ActiveTrack's Power Button to turn it ON. Make sure your phone has its Bluetooth function enabled.
3. Open the "HryFine" app on your phone. Click the watch icon in the upper right corner of the homepage, or go to the Bluetooth settings page on your device to search for the ActiveTrack. Search and select "FitRx" to connect to the ActiveTrack.
4. A "Bluetooth Request Pairing" message will appear on the app. Select "Pair" and you will see a "Device Connected" message.

Note: When an ActiveTrack is successfully connected, the date and time of the device are automatically synchronized.

Using the ActiveTrack Bracelets

1. Firmly insert the ActiveTrack display into the watch band and adjust it to your desired fit.
2. Tap and hold down on the Power Button to switch the dial theme.
3. Tap the Power Button to cycle through the different functions.
4. Tap and hold the Power Button to select a mode.
5. To turn the ActiveTrack OFF, cycle through the modes and tap and hold "more". Tap the Power Button until you see a . Tap and hold the Power Button to shut the ActiveTrack off.

List of Modes:

Home: Displays the time, date, battery level, and weather.

State: Counts your steps, distance walked, and calories burned throughout the day. Automatically clears the data at 00:00; you can view the step data history in the app.

Características

- Realiza un seguimiento de tus datos de entrenamiento, frecuencia cardíaca, presión arterial, pasos y más.
- Emparejamiento rápido y fácil con tu smartphone.
- Diseño resistente al agua con pantalla LED brillante.
- Soporte para Android 4.2/iOS 8.0 y modelos superiores.
- Banda ligera y ajustable para un uso cómodo durante todo el día.

Carga de las pulseras ActiveTrack

1. Desliza el ActiveTrack en el cargador USB. Asegúrate de alinear los nodos de carga con las clavijas del cargador USB, con la pantalla LED hacia arriba.
2. Plug the USB charger into a USB power source.

Nota: El ActiveTrack debería cargarse completamente en aproximadamente 2-3 horas.

Limpieza y mantenimiento

- Para limpiar un ActiveTrack o cargador, límpialo suavemente con un paño suave y húmedo.

Salvaguardas Importantes

- Mantén este producto alejado de objetos inflamables.
- Mantén las pulseras ActiveTrack fuera del alcance de los niños. Este producto no es un juguete.
- Asegúrate siempre de que todas las piezas se hayan ensamblado correctamente para evitar cortocircuitos eléctricos
- Asegúrate siempre de que todas las piezas se hayan ensamblado correctamente para evitar cortocircuitos eléctricos.
- No utilices los clips de carga si parecen dañados o no funcionan correctamente de alguna manera.
- Si este producto no funciona correctamente, no intentes repararlo tú mismo. Llévalo a un técnico cualificado en su lugar.

Emparejar la pulsera ActiveTrack con tu smartphone

1. Descarga la aplicación "HryFine" desde la tienda de aplicaciones Apple Store o Google Play, o escanea el código QR anterior.
2. Mantén pulsado el botón de encendido de ActiveTrack para encenderlo (ON). Asegúrate de que tu teléfono tenga habilitada la función Bluetooth.
3. Abre la aplicación "HryFine" en tu teléfono. Haz clic en el icono de reloj en la esquina superior derecha de la página de inicio, o vaya a la página de configuración de Bluetooth en tu dispositivo para buscar ActiveTrack. Busca y selecciona "FitRx" para conectarse a ActiveTrack.
4. Aparecerá un mensaje de solicitud de emparejamiento Bluetooth en la aplicación. Selecciona "Emparejar" y verás un mensaje de "Dispositivo conectado".

Nota: Cuando un ActiveTrack se conecta correctamente, la fecha y la hora del dispositivo se sincronizan automáticamente.
