## Subject: FCC Single-Modular Approval Letter

27. August 2020

Certification Application FCC ID: 2AOR81909002

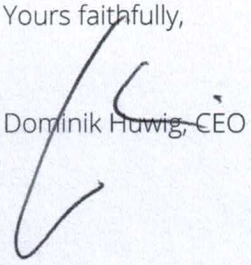
To whom it may concern,

We, etatronix GmbH, hereby declare that the product, FCC ID: 2AOR81909002, has met the limited-modular approval requirements of FCC rule part §15.212(a)(1) and this is shown in the table below.

| Requirement | Compliance:<br>Yes or No along with a justification |
|---|---|
| The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly | Yes, there is a shield on both sides of the PCB<br><br>See also the Operational Description |
| The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal | Yes, there is no customer interface. A microcontroller is buffering the input signals. |
| The module must contain power supply regulation on the module | Yes, there is a regulated power supply on the PCBA. |
| The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b) | Yes, signal coil is permanently attached. |

| | |
|---|---|
| The module must demonstrate compliance in a stand-alone configuration | No. The testing was performed in a specific host product arrangement |
| The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements) | Yes, the module is labelled.<br>See labelling exhibit |
| The module must comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee | Yes, the module comply all specific rules. |
| The module must comply with RF exposure requirements | Yes, it complies with RF exposure.<br>See RF Exposure |

Yours faithfully,



Dominik Huwig, CEO
