

1 Annex C – Internal pictures of EUT and peripheral devices

1.1 List of Pictures

Picture 1: EUT power transmitter – open, top cover	2
Picture 2: EUT power transmitter – open, bottom side	2
Picture 3: EUT power transmitter – open, bottom side, without PCB.....	3
Picture 4: EUT power transmitter – PCB, top side	3
Picture 5: EUT power transmitter – PCB, bottom side	4
Picture 6: Peripheral device power receiver – open, top side	4
Picture 7: Peripheral device power receiver – PCB, top side.....	5
Picture 8: Peripheral device power receiver – PCB, bottom side.....	5
Picture 9: Peripheral device power receiver - battery	6
Picture 10: Peripheral device power receiver – front lens.....	6
Picture 11: Peripheral device power receiver – back lens	7
Picture 12: Peripheral device power receiver – middle lens	7
Picture 13: Peripheral device power receiver – press button, top side	8
Picture 14: Peripheral device power receiver – press button, bottom side	8
Picture 15: Peripheral device power receiver – magnifying lens, top side	9
Picture 16: Peripheral device power receiver - magnifying lens, bottom side	9
Picture 17: Peripheral device power receiver – focus gear, top side	10
Picture 18: Peripheral device power receiver – focus gear, bottom side	10
Picture 19: Peripheral device power receiver dummy – Open, top side	11
Picture 20: Peripheral device power receiver dummy – load, top side	11
Picture 21: Peripheral device power receiver dummy – load, bottom side	12

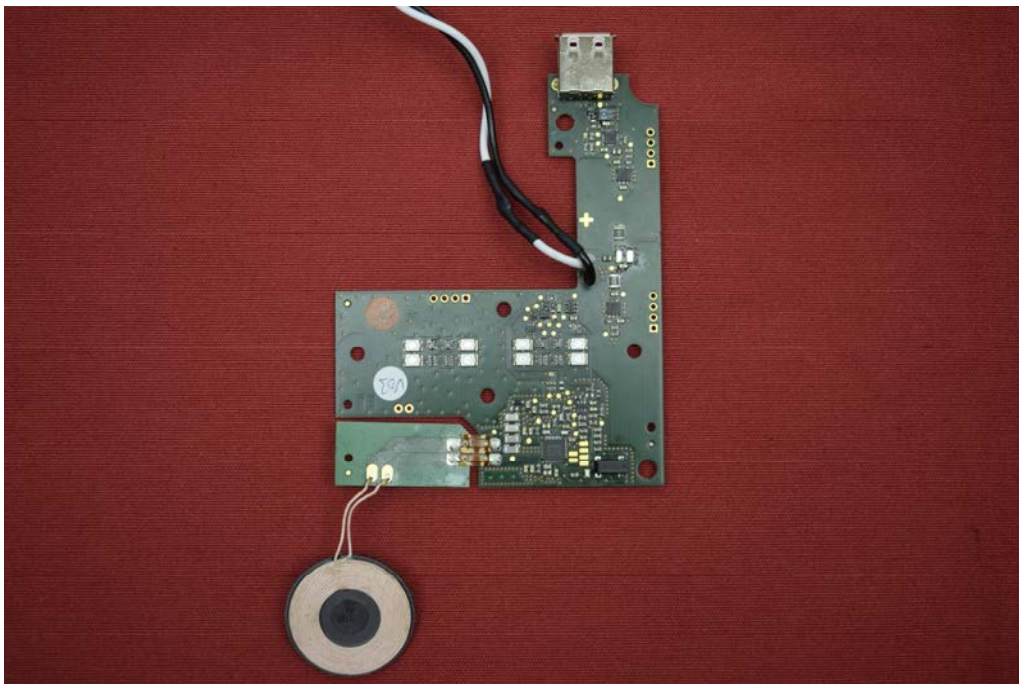

Picture 1: EUT power transmitter – open, top cover

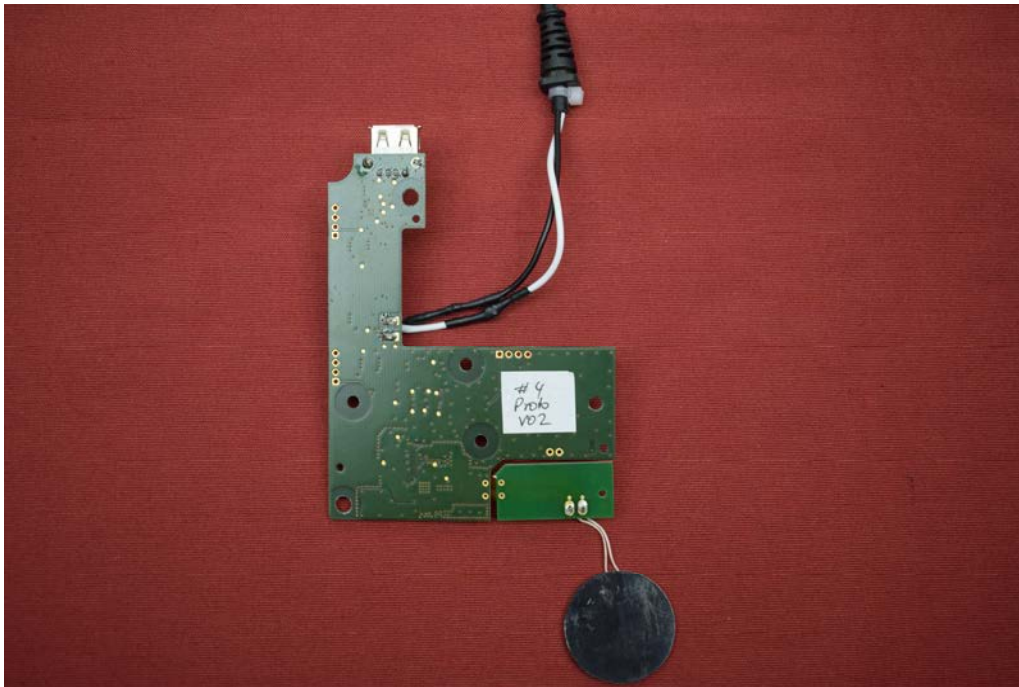

Picture 2: EUT power transmitter – open, bottom side

Picture 3: EUT power transmitter – open, bottom side, without PCB

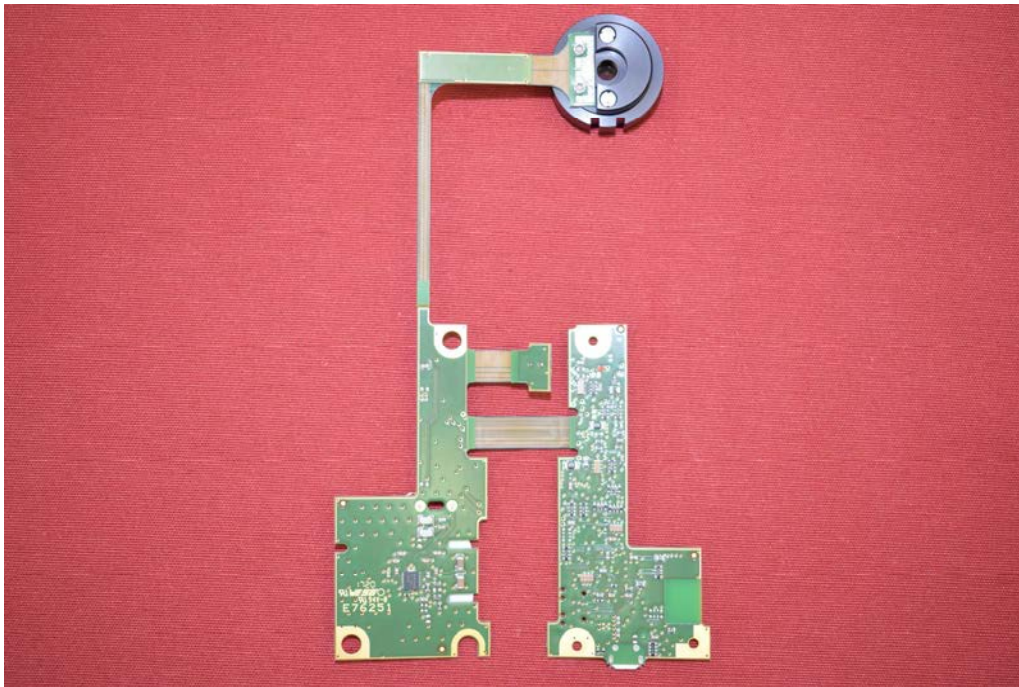

Picture 4: EUT power transmitter – PCB, top side

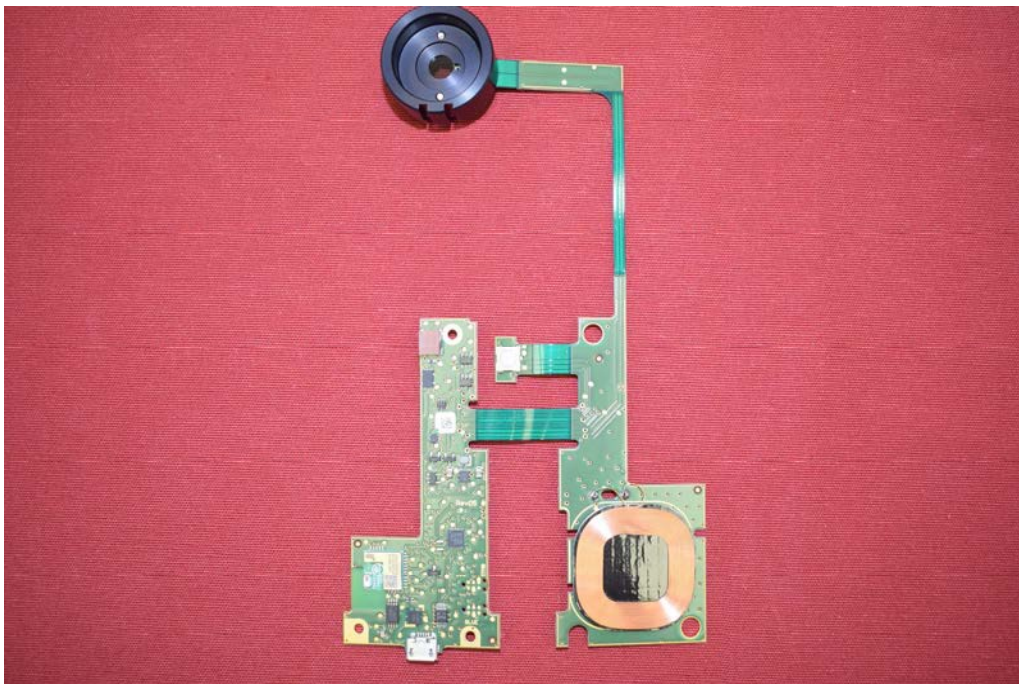

Picture 5: EUT power transmitter – PCB, bottom side

Picture 6: Peripheral device power receiver – open, top side

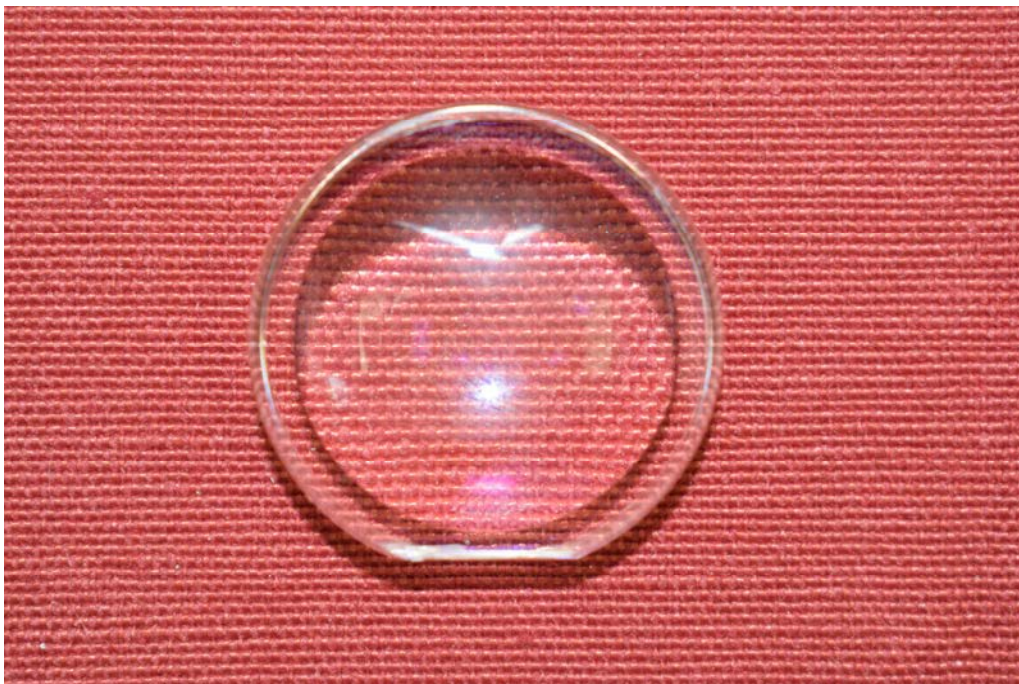

Picture 7: Peripheral device power receiver – PCB, top side

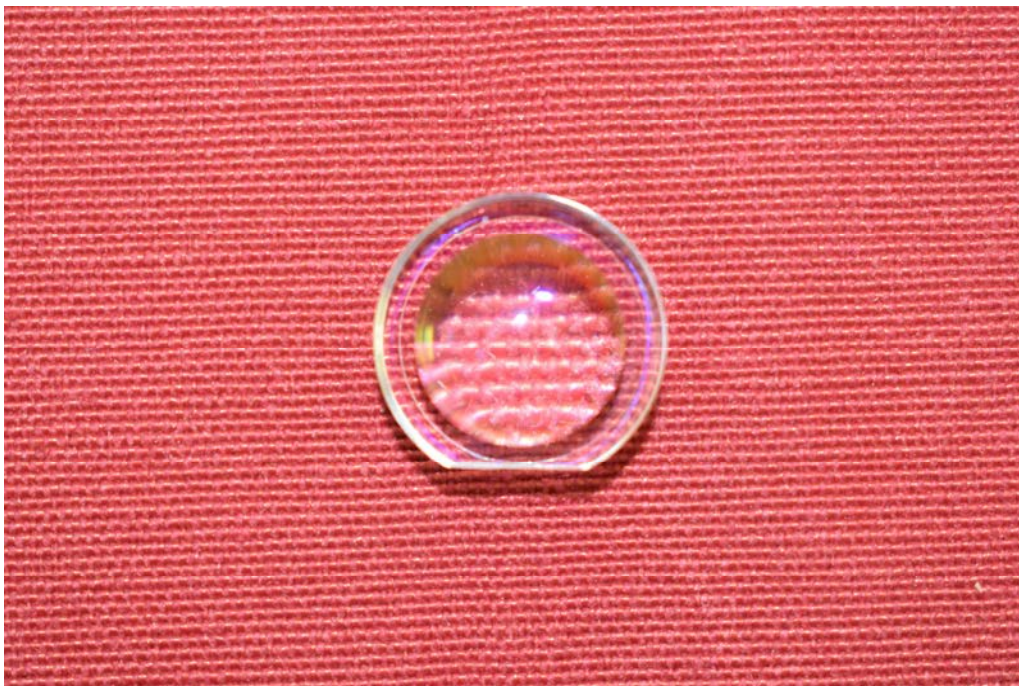

Picture 8: Peripheral device power receiver – PCB, bottom side

Picture 9: Peripheral device power receiver - battery

Picture 10: Peripheral device power receiver – front lens

Picture 11: Peripheral device power receiver – back lens

Picture 12: Peripheral device power receiver – middle lens

Picture 13: Peripheral device power receiver – press button, top side

Picture 14: Peripheral device power receiver – press button, bottom side

Picture 15: Peripheral device power receiver – magnifying lens, top side

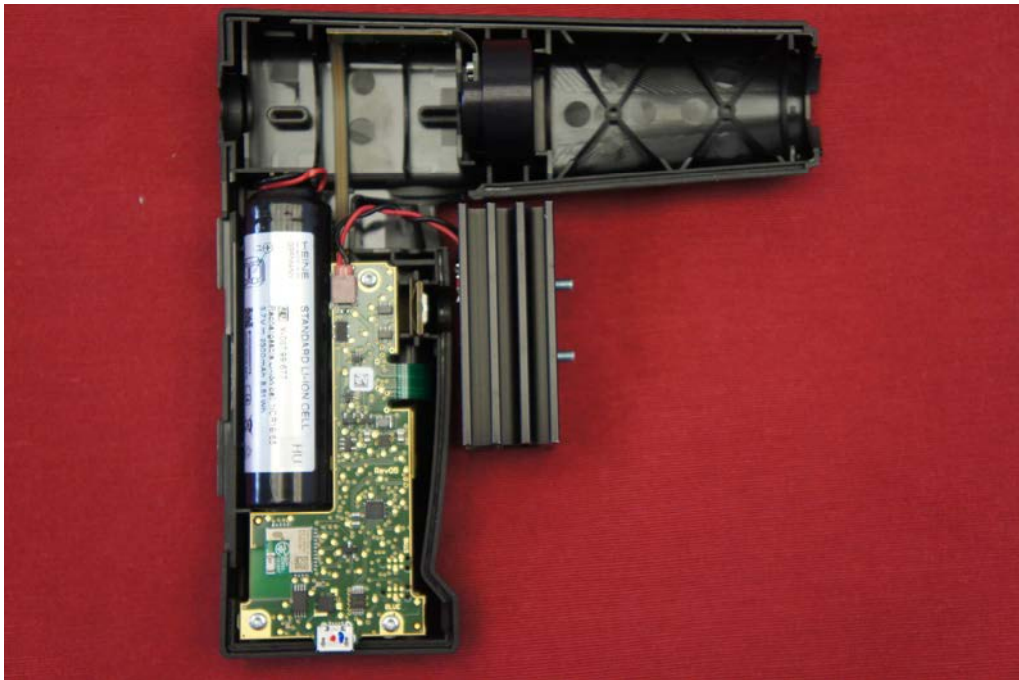

Picture 16: Peripheral device power receiver - magnifying lens, bottom side

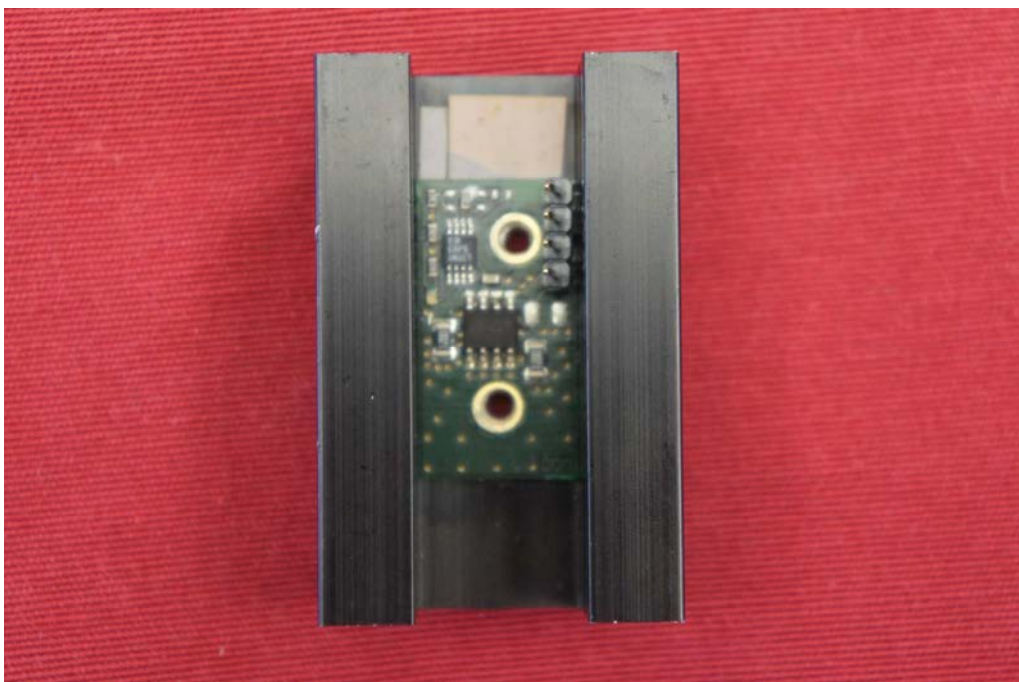

Picture 17: Peripheral device power receiver – focus gear, top side

Picture 18: Peripheral device power receiver – focus gear, bottom side

Picture 19: Peripheral device power receiver dummy – Open, top side

Picture 20: Peripheral device power receiver dummy – load, top side

Picture 21: Peripheral device power receiver dummy – load, bottom side
