BON**JOUR**

The smart alarm clock

Set me up in just a few minutes

holi

How to set up BONJOUR?

① Place BONJOUR in your bedroom and plug in the power cable

② Download the BONJOUR app onto your smartphone

③ Follow the instructions on the BONJOUR app

App Store

Google play

Any questions? Drop us a message at support-bonjour@holi.io

What is the BONJOUR app for?

With the BONJOUR app, you can:

• Create your account and set up your BONJOUR at first use.

• Remotely add or erase alarms.

• Connect BONJOUR to your music streaming services and smart objects.

• Enable or disable personalized services.

• Invite a second user.

• Access the user guide and FAQs.

For everyday use, there's no need for your smartphone...
...**BONJOUR is your vocal personal assistant.
Just speak to her!**

How to use the buttons?

Volume -   Volume +
Main button

	Every day	Alarm	Music	Night mode
Short press	Enable public mode	Snooze (+ 5 minutes)	Stop/start	—
Long press (>2 s)	—	Stop alarm	—	Enable or disable

TO RESET YOUR BONJOUR: PRESS THE MAIN BUTTON FOR 10 SECONDS.

Who can speak to BONJOUR?

YOU (main user)

BONJOUR recognizes your voice. You have access to all of the features as well as to customized services. BONJOUR is your personal assistant: she obeys you and protects your information.

GUEST (second user)

You can set up a second user. BONJOUR recognizes his voice and gives him access to the following advanced features: setting alarms and traffic conditions for his commute.

PUBLIC MODE (everyone)

Everyone can speak to BONJOUR by pushing directly on the main button: stop an alarm, play music, listen to the radio and control your smart home (lighting, thermostat, security camera, etc.).
