

Wireless Headphones

User's Guide for Model IAHB48 v2076-01

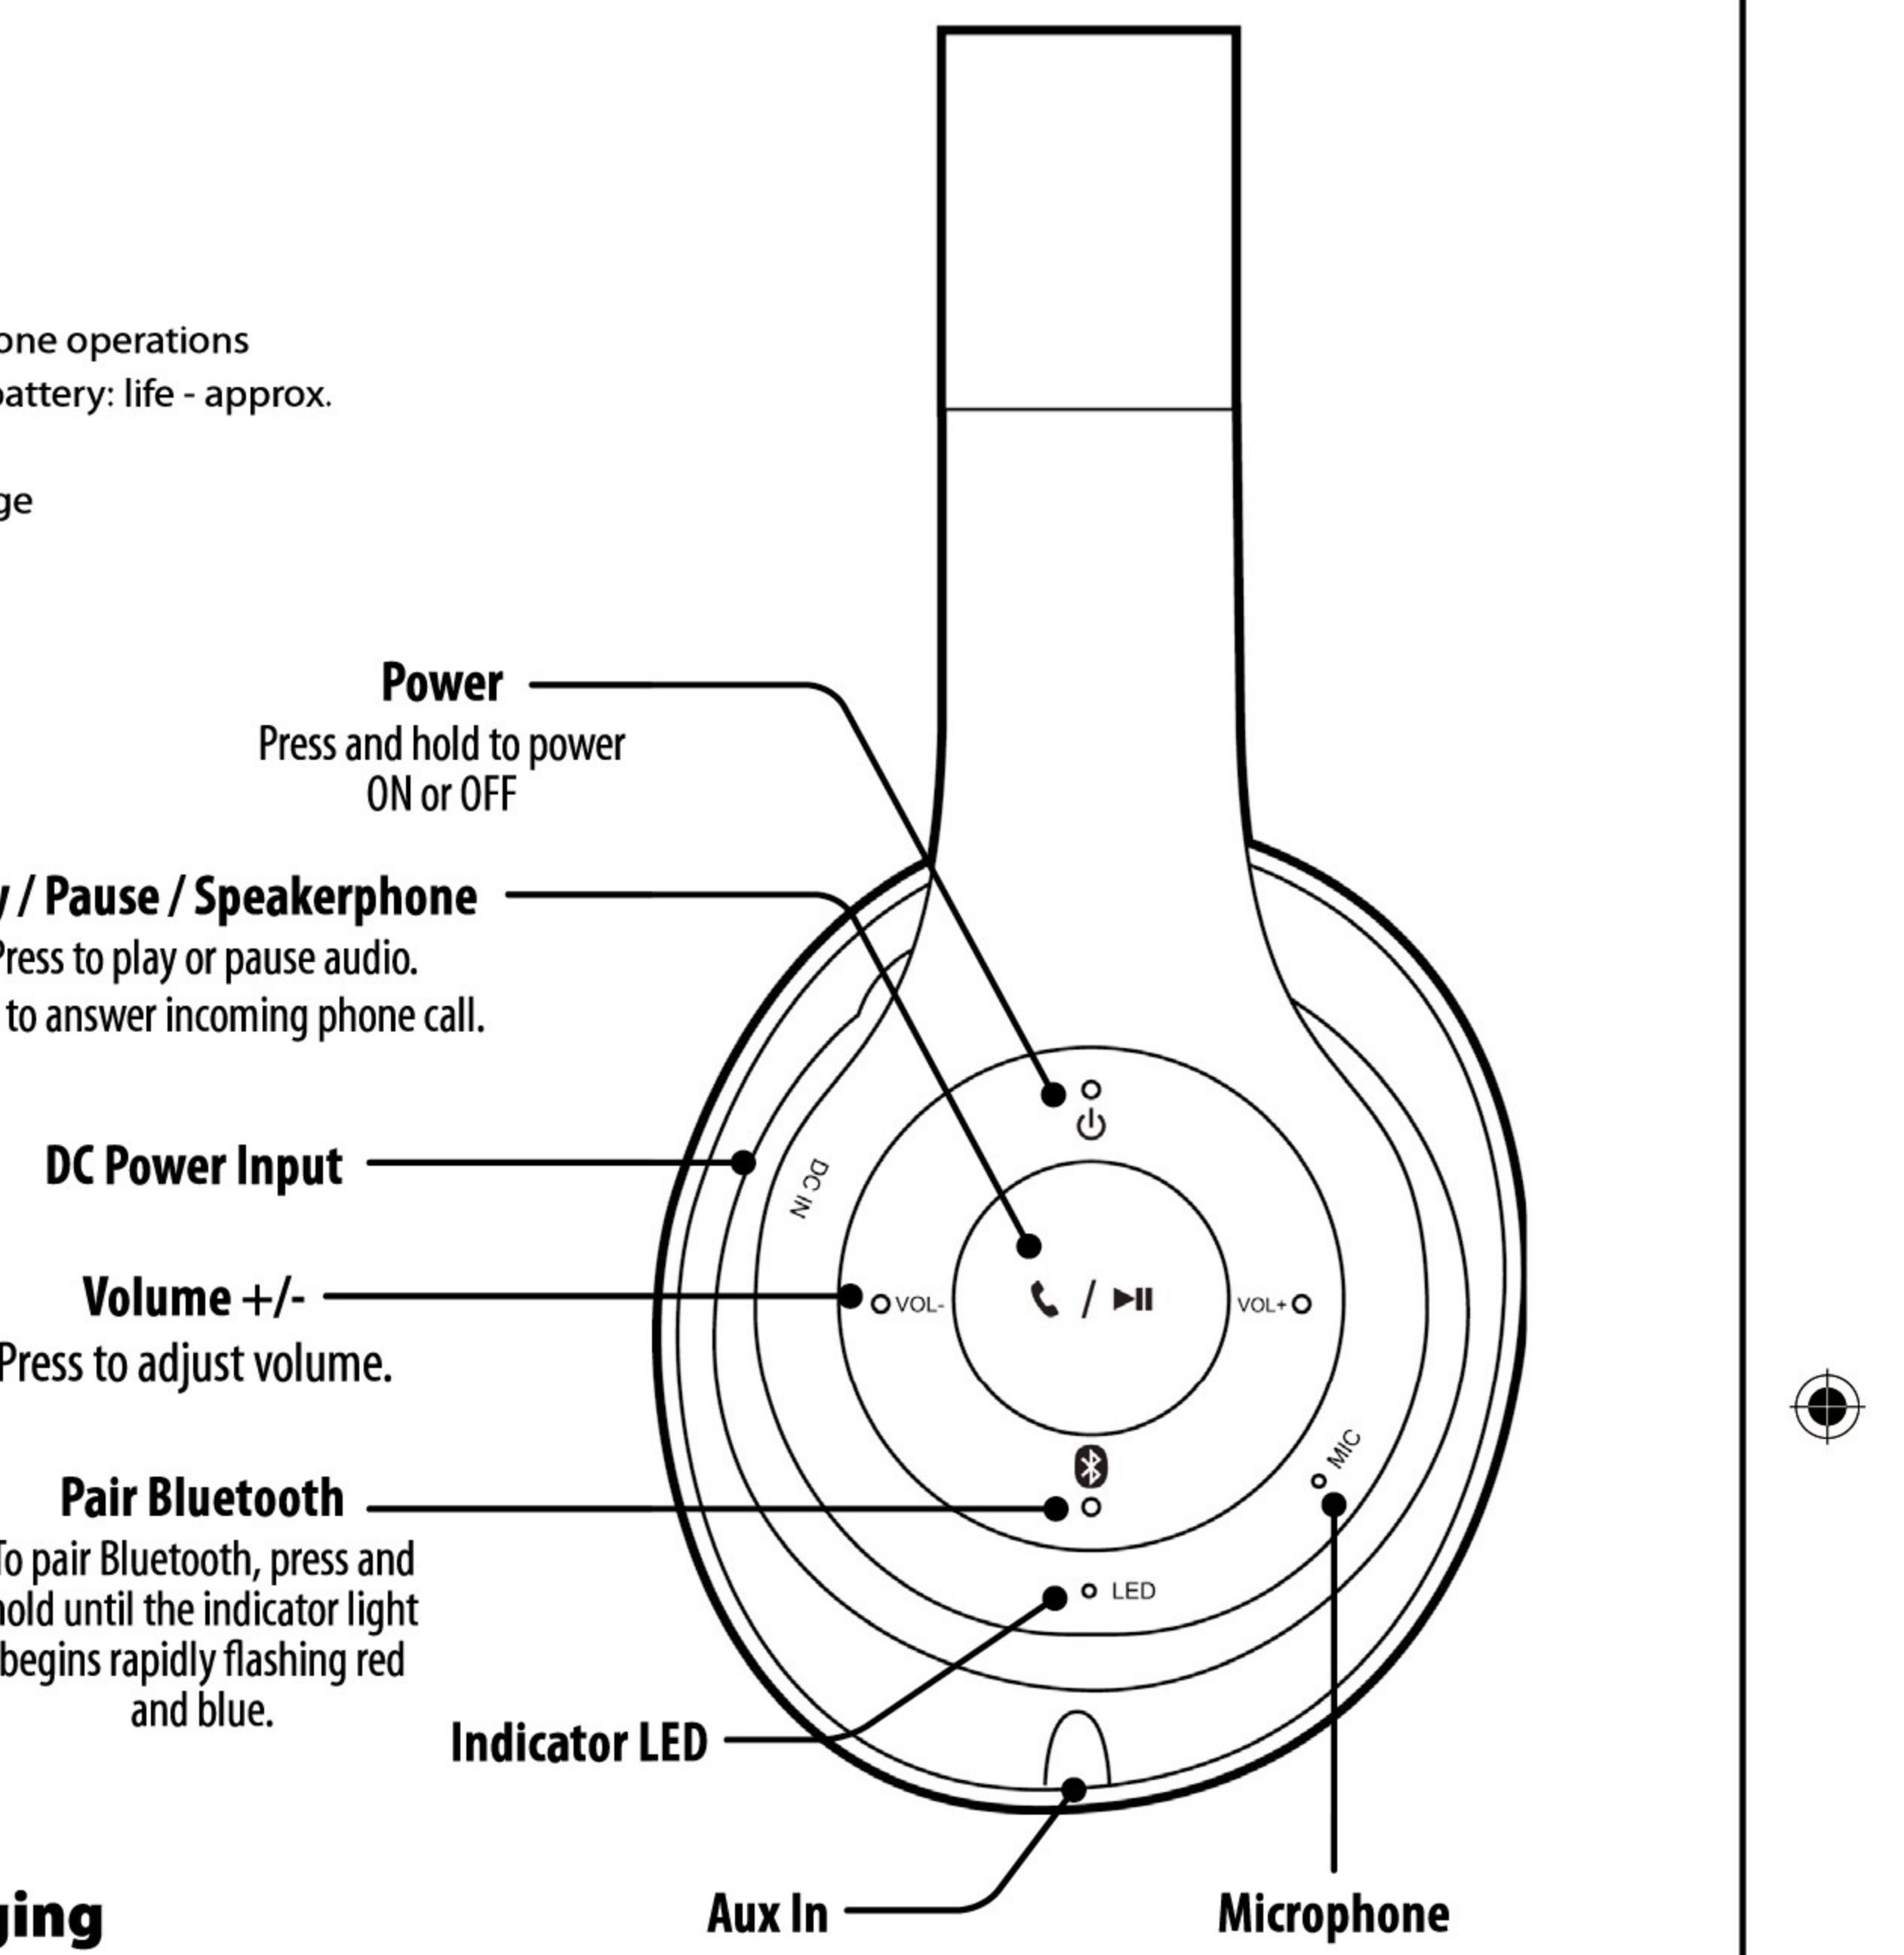

Features

- Bluetooth Wireless: range - 33 ft.
- Built-in microphone
- Aux in (3.5mm audio input)
- Folding adjustable headband
- On-ear controls
- Voice prompts announce headphone operations
- Built-in rechargeable lithium ion battery: life - approx. 5 hrs at 100% volume
- Micro-USB port for battery recharge

Includes

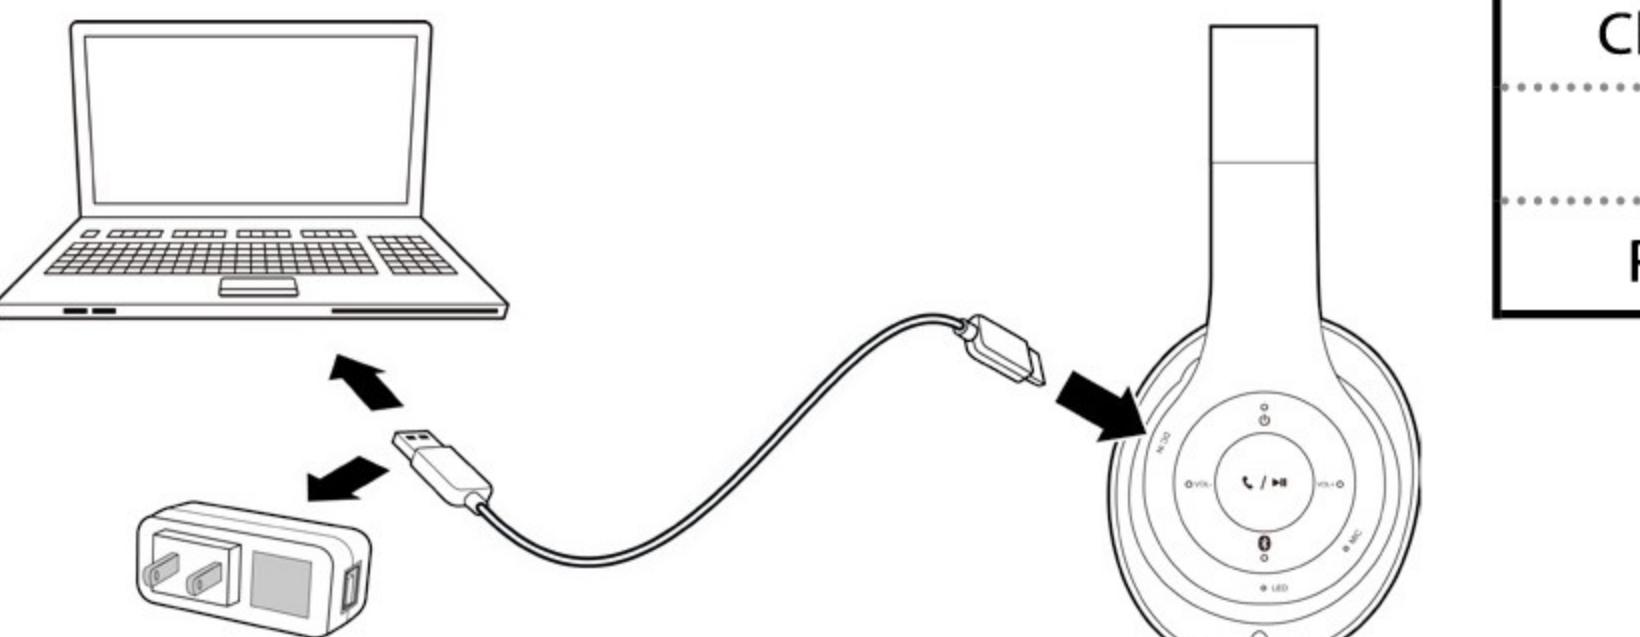

- 3.5mm audio cable
- Micro-USB to USB charging cable

Battery Charging

Initial charge time is approximately 2 hours. Charge fully before use. The low battery indicator will flash for 1 minute, then the unit will automatically power OFF.

1. Using a Micro-USB to USB cable (included), connect to the USB port of a powered on computer or USB power adaptor (not included) to charge the unit.

STATUS	INDICATOR
Power On	Flashing blue light
Charging	Solid red light
Charging Complete	Light OFF
Pairing	Flashing red / blue light
Pairing Complete	Flashing blue light

Pairing Bluetooth & Playing Audio

After initial pairing to a Bluetooth device, the headphones will stay paired unless unpaired manually by the user, or erased due to a reset of the device. If your device should become unpaired or you find it is unable to connect, repeat these steps.

1. Press and hold the **Power button** to power on the unit.
2. Press and hold the **Pair button** for **7-9 seconds** to begin pairing. The **LED indicator** will begin quickly flashing blue and red. *When pairing, remain within 3 ft. of the unit.*
3. From your smartphone or other Bluetooth device, access Bluetooth Settings and search for nearby devices. Select **IAHB48** when it is discovered.
4. When successfully paired, the **LED indicator** will turn solid blue and a voice will announce "Bluetooth connected".
5. Audio played through the connected Bluetooth device will now be heard through the headphones. Use the controls on the connected device to select and begin playing audio.
6. Use the controls on the connected device or the earbuds to play, pause, skip, or change volume.

Speakerphone

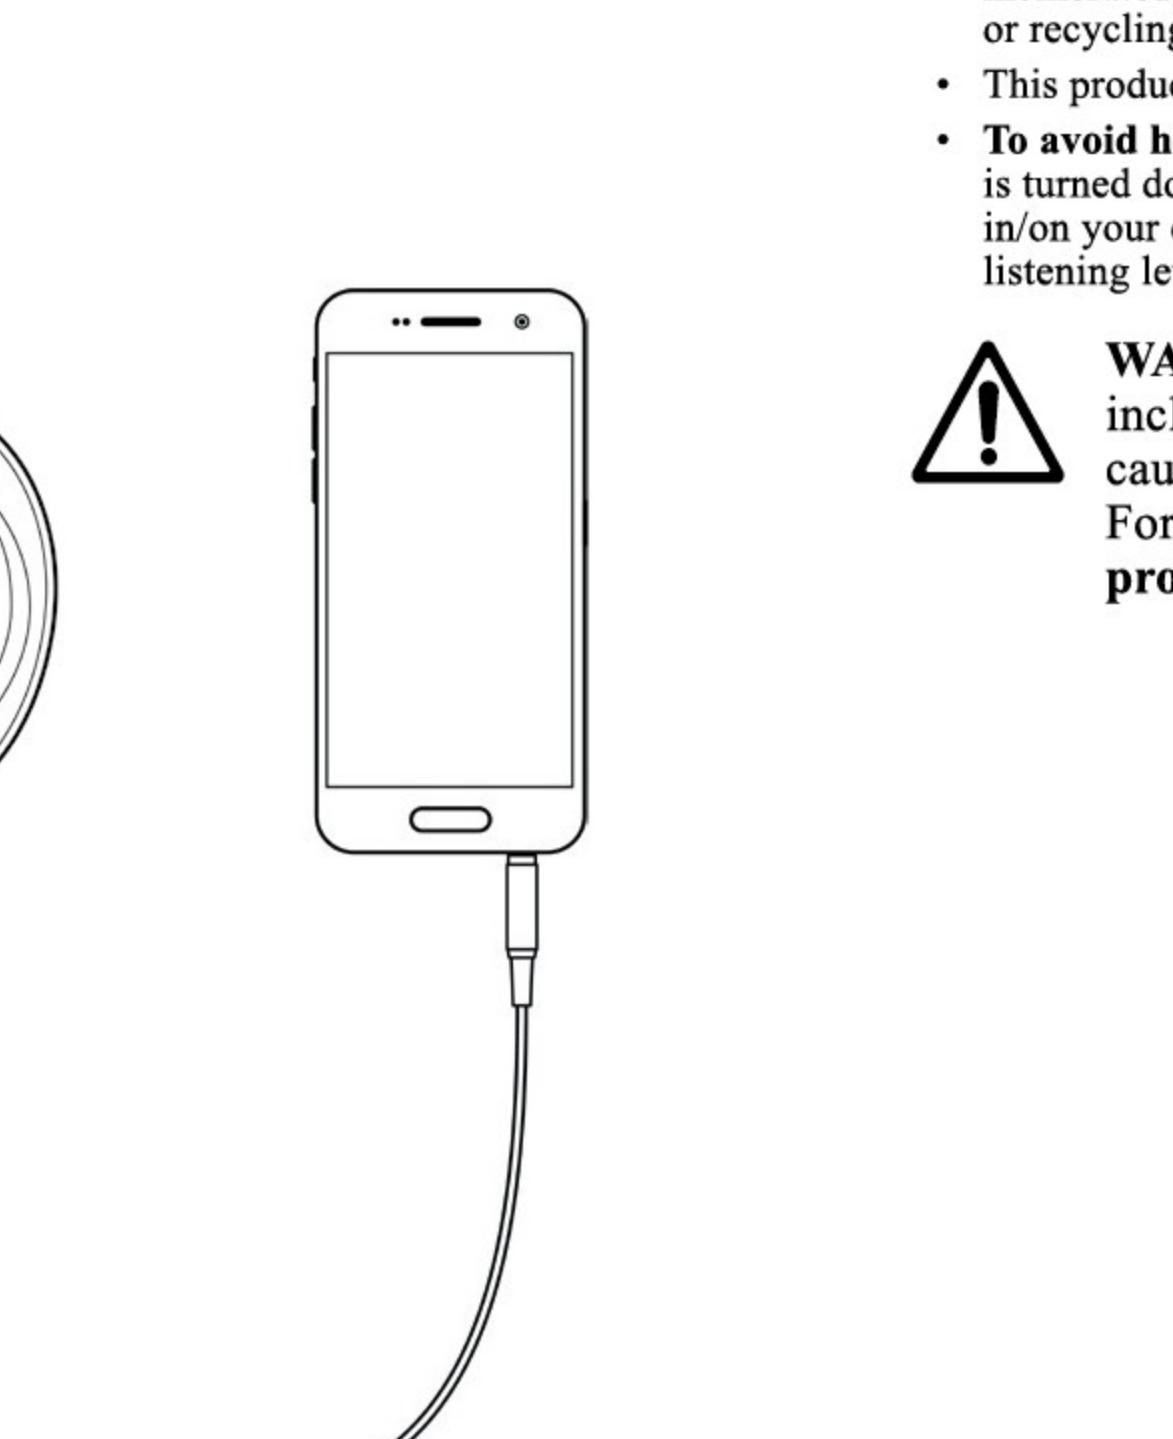

1. To accept a call, press the **📞/▶/⏸** button, or use the controls on the connected phone.
2. To end a call, press the **📞/▶/⏸** button, or use the controls on the connected phone.
3. To re-dial the last dialed number, press the **📞/▶/⏸** button twice.

Aux In

Aux In mode will function even if the headphones are not powered on. To conserve battery power, keep them powered off when using Aux In.

Requires a 3.5mm audio cable (included).

1. Connect a 3.5mm audio cable to the **Aux In** on the headphones and the **audio output** on an audio device.
2. Use the controls on the connected device to select and play audio.

Additional Warnings

- **WARNING:** To prevent fire or shock hazards, do not expose this unit to rain or moisture.
- **WARNING :** Where the mains plug or appliance coupler is used as the disconnect device, such disconnect device shall remain readily operable.
- Lithium batteries, like all rechargeable batteries, are recyclable and should be recycled or disposed of according to state and local guidelines. They should never be disposed of in normal household waste, and they should never be incinerated, as they might explode. Contact your local government for disposal or recycling practices in your area.
- This product meets and complies with all Federal regulations.
- **To avoid hearing damage**, make sure that the volume on your music player is turned down before connecting your headphones. After placing headphones in/on your ears, gradually turn up the volume until you reach a comfortable listening level.

WARNING : This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov. This product meets and complies with all Federal regulations.

Specifications are subject to change without notice.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
