Location Details / Route Planning and Options page → Close → Trip page. Scroll down to the Route Options Bar → Type and Avoidance → Route Type page.
Here you can select either Fastest or Shortest Route.
The Avoid bar lets you choose one, several or all avoidance options: Highways, Toll Roads, Unpaved Roads and Ferries.

When available, a country or city-specific avoidance bar will appear below the the Avoid bar.

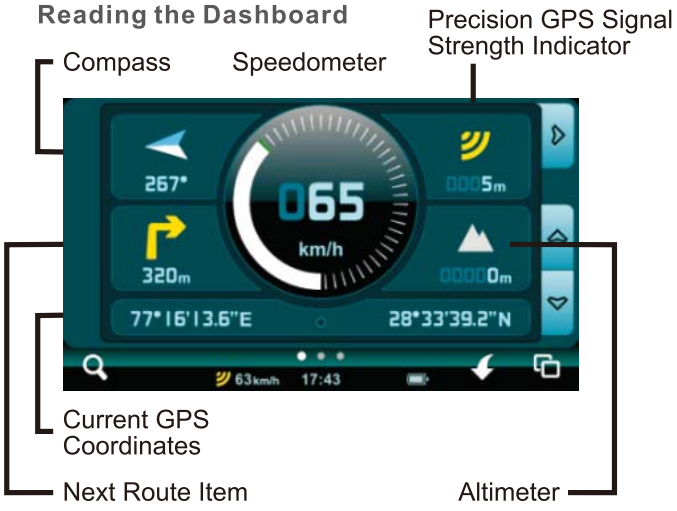
Close → Route Options Bar ® Reverse Route to go back exactly the way you came. Your destination is now your start point and your start point is now your destination.
Save Route saves your route to your list of Favorite Routes. Scroll down to the bottom of the Trip page.

Start Shop Demo will begin a simulated turn-by-turn navigation session in Map View.

From the Map View Control Bar, tap Route in the Last Page Accessed field to go back to the Trip page.

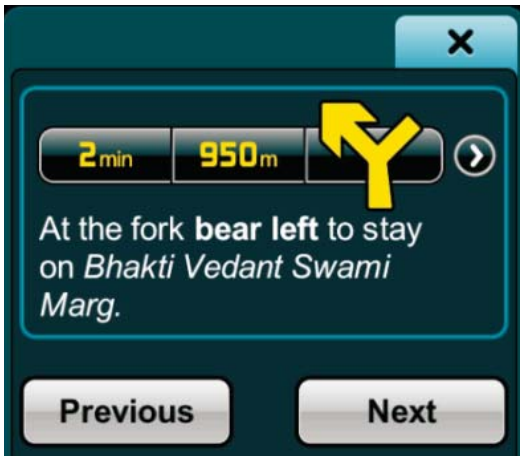
Stop Shop Demo to stop the simulated turn-by-turn navigation session in Map View
From the Map View Control Bar, tap Route in the Last Page Accessed field to go back to the Trip page.
Delete This Route → Yes removes the current route as your active navigation route, but does not remove it from your Favorites.

Reading the Dashboard



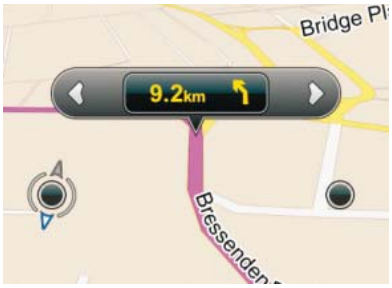
Route → Trip page → Left tab → Dashboard page
The Dashboard has no tappable buttons, but it tells you a lot of useful information. It features a speedometer, compass, altimeter, a precision GPS signal strength indicator and your current GPS coordinates.

Using Directions
Route → Trip page → Right tab → Directions page
Here you can view your route directions as a list of turn-by-turn textual descriptions with corresponding descriptive icons in sequence, their corresponding Map View by tapping Map Locator next to them or



Individual Directional Description → Individual Directional Description Details page, which displays the descriptive icon, textual directional description, estimated time and distance to your next navigation instruction.

Map Locator ® Map View, where you can see the selected directional description or Next or Previous to view the next or previous directional description on its Individual Directional Description and Details page or Close to go back to the Directions page.



While in the Route pages, you can tap the Map View button on the Control Bar at any point to return to the Map View. Tap the Search button on the Control Bar at any point to go to the Search page. Tap the Main Menu button on the Control Bar at any point to return to the Main Menu.

Using Favorites

Creating a Favorite Place

From Search: Tap on any Search Result or Map View Location to view its Location Details / Route Planning and Options page. Scroll down to the Place bar and tap Add To Favorites.

From Map View → Location Icon → Location Name button → Location Details / Route Planning and Options page. Scroll down to the Place bar and tap Add To Favorites.

Creating a Favorite Route

Once you've created a route, you can save it as a Favorite Route: Main Menu → Route → Save Route

Getting to the Favorite Places and Favorite Routes Pages

Go Main Menu → Favorites → Places
Go Main Menu → Favorites → Places → Right tab → Routes

Using Favorite Places

Here you can view your favorite places in the order that you saved them. You can bring a favorite to the top of the list by tapping the blue -outline star Favorite button, turning it into a solid-yellow star Priority Favorite button. You can toggle between the Favorite and Priority Favorite button by simply tapping on it.

Tap on Select Category to go the Select Category page where you can narrow your favorite places list according to Business, Family or Friends. Tap Close to go back to the Places page. The Select Category button will read All, Business, Family or Friends, depending on what you've chosen as your display criterion.
Tap on a Location itself to go to its Location Details / Route Planning and Options page.

Tap the Map Locator next to a favorite place to see it in Map View.

Using Favorite Routes

Tap on a Favorite Route to view it in the Route page where you can see the Route's Details Display bar, which shows you your start point, via points and destination. It also shows the estimated route distance and estimated travel time between each stop. The Navigation indicator shows you that your route is currently inactive (white)

By tapping the Map Locator button next a location you can instantly view the chosen location in the Map View.

In Map View tap Favorites in the Last Page Accessed field on the Control Bar to go back to the Route Details Display bar on the Route page.

By tapping the Map Locator button next to the Inactive Navigation Indicator, Estimated Distance and Time display, that stage of your route will be displayed as a 2D aerial map view.

In Map View tap Favorites in the Last Page Accessed field on the Control Bar to go back to the Route Details Display bar on the Route

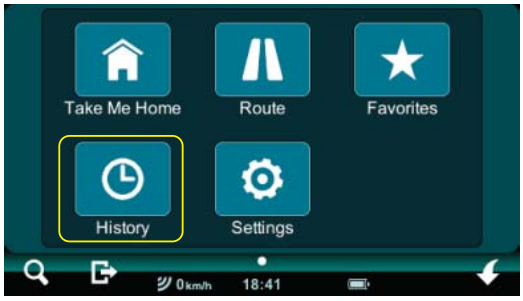
page. Scroll down the Route page to the Options bar where you can make the favorite route your current route by tapping Set as Current Route.

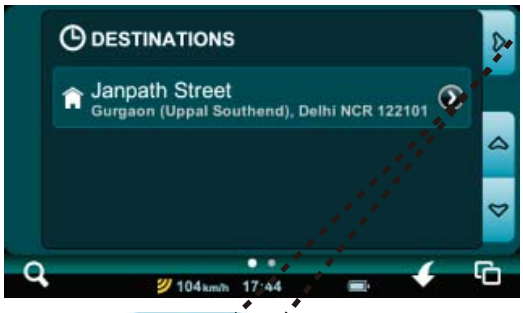
You can remove the displayed route from your favorites by tapping Remove on the Options bar.

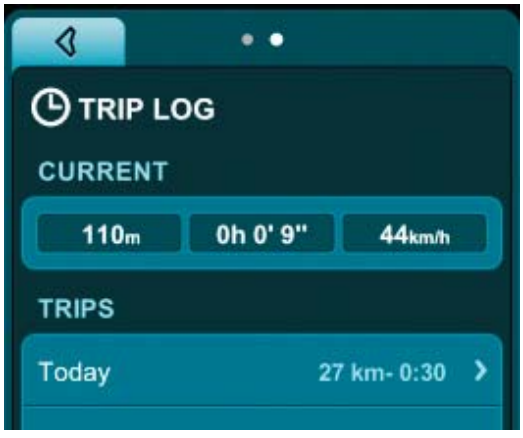
Tap on any Location on the Route page to access its Location Details / Route Planning and Options page.

Using History

Getting to the Destinations and Trip Log Pages

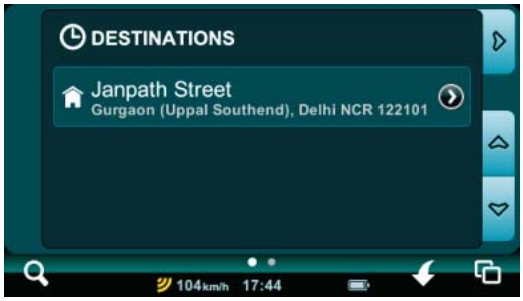


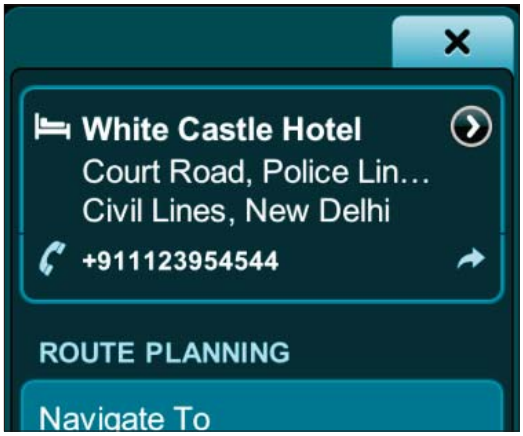




Go Main Menu → History → Destinations
Go Main Menu → History → Destinations → Right tab → Trip Log

Using Destinations

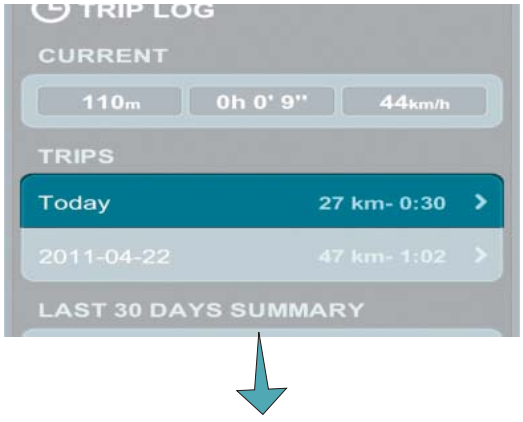




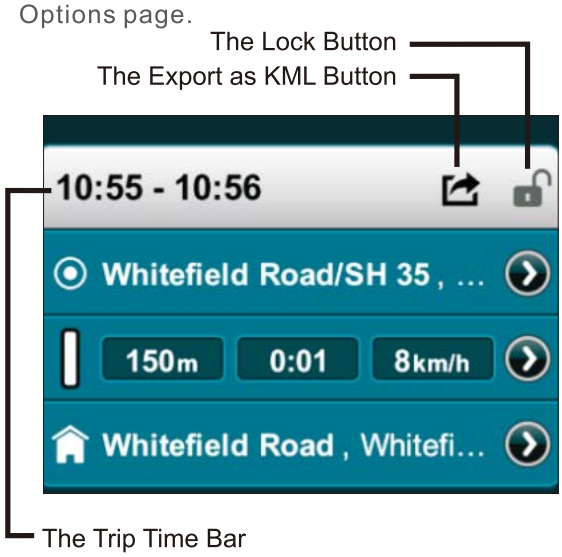
View a list of all your destinations for the last 30 days. Tap on any destination Location to access its Location Details / Route Planning and Options page.

Using the Trip Log

The Current Trip bar shows you how far, long and the average speed at which you've travelled on your current trip.
The Trips bar lists (up to the past 30 days) the dates of your trips as Trip Date buttons that you can tap that will takes you each specific Trip Date Details page. Your total travelled distance and average speed for that date are displayed on the Trip Date button as well.



Tap on any Trip Date button to go to that date's Trip Date Details page where you can view Individual Trip Time bars. You can lock any trip by tapping the Lock button. This will keep the locked trip in your Trip Log while the other, unlocked ones, are erased automatically after 30 days. Tap on any Location or Route to view it's Location Details / Route Planning and Options page.



Export any trip as a KML file by tapping the Export as KML button. You can delete all of your Trip Logs, except of course the ones you've previously locked, by tapping Delete All Logs.

Please refer to view how to use the Location Details / Route Planning and Options page.

Creating Settings

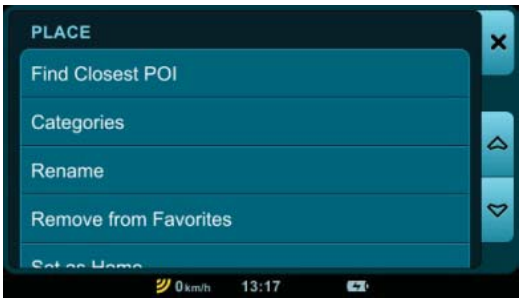
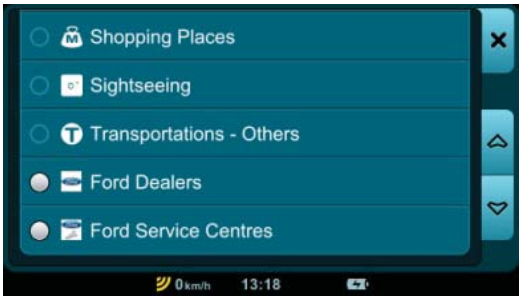
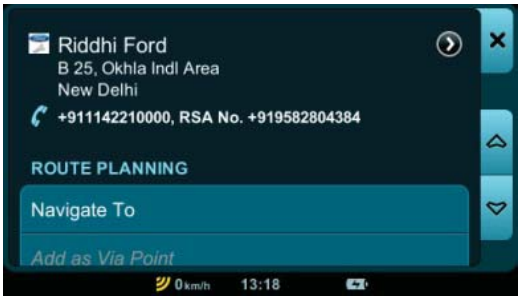
Ford Custom POI
User can find Ford Dealers and Ford Service Centres nearby or at desired specific location. To find the same, search and select any location or select a place on map > select "Find Closest POI" in Place menu > tap on selection filter button ("<all>") to select or de-select the Ford custom POIs. Now user can select and navigate to the selected Ford custom POI.







Every Ford custom POI has a nearby RSA (Road Side Assistance) number too. User can call (if needed) to nearby RSA in emergency situation. Ford Roadside Assistance Toll free number: 1800-209-7400, Alternate number 1800-103-7400

MapmyIndia Maps End User License Agreement

This End-User License Agreement (EULA) is a legal agreement between you (either an individual or a single entity) and CE INFO SYSTEMS PVT. LIMITED for the digital maps database and updates hereof that run navigation in associated hardware collectively the "MapmyIndia Maps" or "Maps"). By installing or using the MapmyIndia Maps, you agree to be bound by the terms of this Agreement. Use of the Maps without acceptance of this Agreement is unauthorized and not permitted.

1. License Grant. CE INFO SYSTEMS PVT LIMITED grants you a nonexclusive license to use your purchased copy of the MapmyIndia Maps for your own purposes of accessing the map database and navigation by running the associated hardware and not for service bureau timesharing, or other similar purposes.

2. Limitations On Use. You are not permitted to copy, modify, decompile, disassemble, or reverse engineer any portion of the Maps.

3. Indemnity. You agree to indemnify, defend and hold free and harmless CE INFO SYSTEMS PVT LIMITED, including its licensors, assignees, subsidiaries, affiliated companies, and the respective officers, directors, employees, shareholders, agents, authorized dealers or sales agents, and representatives of each of them from and against any liability, loss, injury, demand, cost, expense, or claim of any kind of character, including but not limited to attorney's fees, arising out of (a) any use or possession of the Maps, or (b) any breach of any warranties or representations made by you in this Agreement or of your obligations under this Agreement.

4. Disclaimer of Warranty. CE INFO SYSTEMS PVT LIMITED does not make any warranties or representations, either express or implied, with respect to the Maps, without limiting the foregoing, CE INFO SYSTEMS PVT. LIMITED expressly disclaims any implied warranties of quality, performance, merchantability, fitness for a particular purpose or noninfringement.

5. Limitation of Liability. CE INFO SYSTEMS PVT LIMITED shall not be held responsible for any actual, anticipated or speculative loss of profit or direct, indirect, incidental, special, or consequential damages, including, without limitation, loss of revenue, data, or use incurred by you or any third party arising out of your use or possession of the Maps, whether in an action in contract or tort or based on a warranty, even if CE INFO SYSTEMS PVT. LIMITED has been advised of the possibility of such damages.

6. Warnings.
A. Copies of the Maps reflect conditions as they existed at various points in time before your receipt of such copies. Accordingly, copies of the Maps may contain inaccurate or incomplete data or information due to inaccurate or incomplete source materials, the passage of time, road construction, changing conditions, and otherwise.

B. Neither the Maps nor the Software include, analyze, process, consider or reflect any of the following categories of information, i.e., neighborhood quality or safety; population density; availability or proximity of law enforcement, emergency, rescue, medical or other assistance; construction work, zones, or hazards; road and lane closures; various legal restrictions (such as vehicular type, weight, load, height and speed restrictions); road slope or grade; bridge height, width, weight or other limits; road, traffic or traffic facilities safety or conditions; weather conditions; pavement characteristics or conditions; special events; traffic congestion; or travel time.

C. Maps are strictly meant for use in India and you are not allowed to export Maps or its copies anywhere outside India.

7. Transfer. This Agreement, including all rights, obligations and representations may be transferred to another individual or single entity, provided the same transfer includes the simultaneous transfer of the associated hardware in which the Maps are installed, and further provided that such other individual or single entity accepts all the terms of this Agreement. In the event such individual or single entity to which the Software is transferred does not accept the terms of this agreement, then the License herein automatically terminates. Further use of the Maps is unauthorized and not permitted.

8. Governing Law. This Agreement shall be governed by the laws of India without giving effect to its conflict of laws provisions. CE Info Systems Pvt. Limited Copyright Notice – MapmyIndia Maps
