# 1/CONNECT

SOURCE
BUTTONS

SLEEP/POWER
BUTTON

GET STARTED

- **First-time use:** To turn on and enter pairing mode, press and hold the Sleep/Power Button for three seconds. The lowest Source Light will begin to pulse. Go into your device's Bluetooth settings and select Dolby Dimension to pair.

- **Pair more devices:** Press and hold a specific Source Button for three seconds to pair and assign a device to that button.

- **Wake/connect:** Press one of the three Source Buttons to wake Dolby Dimension and automatically connect to its previously paired device.
SLEEP AND POWER

- **Enter Sleep mode:** Press the Sleep/Power Button to enter sleep mode and disconnect from your current device.

- **Power on/off:** Press and hold the Sleep/Power Button for three seconds.

SOURCE LIGHTS

- **One Steady Light:** Device connected

- **One Pulsing Light:** Pairing mode

- **Three Cycling Lights:** Select a device

*Manage up to eight Bluetooth devices in the Dolby Dimension app.*

2/CONTROL

TOUCH CONTROLS

- **Toggle LifeMix/ANC:** Tap twice to toggle between listening to your surroundings and ANC (Active Noise Cancellation)

- **Play/pause:** Tap once.

- **Volume control:** Swipe up/down.

- **Next/previous:** Swipe forward/back.

- **Activate Siri or Google Assistant:** Press and hold Control Plate for three seconds.

- **Accept/end call:** Tap once.

- **Reject call:** Press and hold.

Customize LifeMix, Dimensional Sound, and Head Tracking settings in the Dolby Dimension app.

3/CHARGE

POWER BASE

AT HOME

Rest the left ear cup on the Power Base to charge Dolby Dimension. In 15 minutes you'll have enough power to play an entire movie. Dolby Dimension will reach full charge in approximately two hours.

POWER LIGHT

- **Pulsing orange:** < Two hrs. battery left

- **Pulsing white:** > Two hrs. battery left

- **Steady white:** Fully charged

ON THE GO

Plug a micro USB cable into the right ear cup.

Turn Low Power Mode on or off in the Dolby Dimension app.
