Troubleshooting

No power	Recharge the soundbar using the included micro USB cable. Try using a different cable.
Music is not playing over Bluetooth	Make sure your Bluetooth® device has A2DP profile. Check if both devices are paired and connected over Bluetooth®. Restart the speaker to reconnect your Bluetooth® device.
Bluetooth device will not reconnect with the speaker	Navigate to your Bluetooth® settings menu on your Bluetooth® device, tap "Merkury S075B" and select "Forget." Now follow the steps to pair your device again.

FCC Notice:
This device complies with Part 15 of the FCC Rules. Operation is subject to the two following conditions:
1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Technical Support:
Please do not attempt to fix the product by yourself. If you are experiencing any problems with the product, please do not return it to the store you bought it from. You can contact our technical support representatives and they will assist you with any questions you might have.

For assistance operating your product, please consult the User Manual first, then feel free to contact Merkury Innovations technical support:

PÜR SOUND

WIRELESS HOME THEATER SOUNDBAR & SPEAKER

User Manual for MI-S075B-101

IN THE BOX: Wireless Soundbar & Speaker, Charging Cable, Audio Cable, Remote Control and User Manual

IMPORTANT: PLEASE READ BEFORE USING THIS PRODUCT

Connecting to the Soundbar

Use the Mode Select button to cycle through each input mode. The indicator light will show which mode you have currently selected:

Blue: Bluetooth Mode
White: Optical Mode
Blinking White: HDMI Mode
Pink: USB Mode
Green: Line Mode

Aux Input Simply connect a device to the PÜR Sound soundbar via the aux input and play your music instantly, adjusting the volume on both the device and the speaker.

USB Connect You can connect any USB memory device to the speaker. The PÜR Sound Soundbar recognizes and plays MP3 format audio files. Play, pause, skip, and repeat tracks with the on-board controls.

Bluetooth With the soundbar in Bluetooth mode, go to your device's Bluetooth settings and search for new devices. In a moment, "Merkury S075B" should appear. Tap it and a sound should emit from the soundbar to indicate the device is connected!

NOTE: Soundbar will always auto-pair with your device as long as it is in range and your device's Bluetooth is enabled.

Specs

Specifications:

FCC Warning

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

The antenna of this product, under normal use condition, is at least 20cm away from the body of the user. Warning statement to the user for keeping at least 20cm or more separation distance from the antenna should be included in the User manual. So, this device is classified as Mobile device.
