

Size:40\*10mm

**M/N: 9.7inch**

**FCC ID: 2APDG-907INCH**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**M/N: 7inch**

**FCC ID: 2APDG-907INCH**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**M/N: 7.8inch**

**FCC ID: 2APDG-907INCH**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**M/N: 8inch**

**FCC ID: 2APDG-907INCH**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**M/N: 9.6inch**

**FCC ID: 2APDG-907INCH**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**M/N: 10.1inch**

**FCC ID: 2APDG-907INCH**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**M/N: 10.5inch**

**FCC ID: 2APDG-907INCH**

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:(1)

This device may not cause harmful interference, and (2)  
this device must accept any interference received,  
including interference that may cause undesired  
operation.

**M/N: 12.2inch**

**FCC ID: 2APDG-907INCH**

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:(1)

This device may not cause harmful interference, and (2)  
this device must accept any interference received,  
including interference that may cause undesired  
operation.

**M/N: 12.9inch**

**FCC ID: 2APDG-907INCH**

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:(1)

This device may not cause harmful interference, and (2)  
this device must accept any interference received,  
including interference that may cause undesired  
operation.
