Modular Transmitter Approval Request

Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD21046

Company name: BNCOM Co.,Ltd.
FCC ID: 2APDI-BCM-L102-A

Gentlemen,

In accordance with 47CFR 15.212 Modular Transmitters and KDB 996369 D01 'Module Certification Guide v01r04'. FCC ID 2APDI-BCM-L102-A has been examined against the following requirements.

| Requirement per 15.212 and KDB 996369 D01 'Modular Certification Guide v01r04' | Explanation from Grantee (do not write yes/no, but explain why product complies/how it is achieved) |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly | Has RF shielding. |
| The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal | The modular have buffered modulation/data inputs. |
| The module must contain power supply regulation on the module | The modular transmitter have its own power supply regulation. |
| The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b) | This module is equipped integral chip antenna, please refer to the External Photo for the detail. |
| The module must demonstrate compliance in a stand-alone configuration | The module was tested in a stand-alone configuration, please refer to the Setup Photo for the detail. |
| The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements) | Please refer to label sample exhibit - host labeling is described in "Label location". |
| The module must comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee | The required FCC rule has been fulfilled and all the instructions for the maintaining compliance have been clearly stated in the User Manual. |
| The module must comply with RF exposure requirements | The MPE evaluation with 20 cm distance restriction is submitted for the compliance of RF Exposure requirement. |
