The diagram illustrates the Smart Charging Light Indicator, which is a rectangular device with a USB-C port on the left and a small light on the right. Below the device, three states are listed, each with a colored circle and a description:

- Plug in the power supply**
 - Blue light on
- Stand by**
 - Blue light on
- Charging / Full**
 - Red light on / Light off

Below these states, a warning symbol (three radiating lines) is shown next to the text **FOD / Malfunction**, with the description **• Blue light and red light blink**.

 The red and blue light blink when metal foreign objects are detected on the wireless charger.
