Regulatory Certification Body DEKRA Testing and Certification, S.A.U. Parque Tecnológico de Andalucía C/ Severo Ochoa 2 & 6 29590 Campanillas Málaga, España	Airthings AS Wergelandsveien 7 Oslo Norway 0167

Related to product:

Type of equipment:	Radon detector
Brand name:	AIRTHINGS
PMN (model name in EU):	Wave
HVIN	2950
FCC ID:	2APPT-2930
IC:	23900-2930

To whom it may concern,

We hereby declare that we will be selling our previously homologated device:

Wave Plus, model 2930, FCC ID: 2APPT-2930, IC: 23900-2930

under new commercial and model names as shown in the table above.

This “new version” of our product will co-exist with the one under the previous denomination.

The reason for this change is that this version of the product does not have a CO2 sensor inside which was in the previous product.

Considering this change, we performed new testing (radiated) to ensure that this version of the device is still in compliance with both FCC and ISED regulations and we want to perform a C2PC action for both FCC and ISED to update the homologation of this product.

For this, we are submitting the following new evidences related to the product.

- New test reports
- New design of the marking
- New user manual
- New schematics
- New internal photographs
