ATTN.: Reviewing Engineer

FCC ID: 2AQ5R-WCN3988

We hereby request C2PC Certification for the above mentioned FCC ID.

The reason for this request is:

Original product 2.4GHz/5GHz antenna type: FPC Antenna, 2.4GHz Antenna Gain: 5.64dBi Max, 5GHz Antenna Gain: 6.27dBi Max

Add one 2.4GHz Antenna and one 5GHz Antenna to the new product. The 2.4GHz Antenna is FPC Antenna, Antenna Gain: 1.61dBi Max. The 5GHz Antenna is Iron Antenna, Antenna Gain: 3.56dBi Max. 5GHz WIFI add the Conducted Output Power, Radiated Spurious Emissions (above 1GHz) and Band Edge Emissions test. The 2.4GHz Antenna has a smaller gain than the original antenna, and the antenna type is the same, so it does not involve testing.

Kind regards

Signed:
