

LABEL LOCATION JUSTIFICATION LETTER

Label Location Justification Letter is required when the Label may be placed in the battery compartment. It must meet the following requirements and be explained in the justification letter.

- a. Provide justification such as limited space (e.g. the available label area on the device is limited because it is relatively small and has many contoured surfaces, keypads, LCD displays, charge contacts and/or other connectors....).
- b. How the FCC identifier or label will be readily viewable per FCC Rule 2.925 (d) (e.g. the batteries are designed for easy removal and the label will be visible whenever the batteries are removed for charging or replacement).

How the FCC identifier or label will be readily viewable at the time of the purchase to comply with Part 2.925 (d) (e.g. the label will be readily visible at the time of purchase because the device will be marketed without the battery installed).

The letter must be on the applicant's letterhead and signed by the grantee code contact.

A handwritten signature in blue ink, appearing to read "Sandy Boukai", is enclosed within a faint, hand-drawn oval. The signature is fluid and cursive.
