STEP 1

PLUG IT IN

Using the included Type-C charging cable, plug the USB-C connector into your PowerFlip™ and connect the USB-A connector to a compatible port (such as a wall charger, car charger, or computer).

Usando el cable de carga Tipo-C incuido, conecta el conector USB-A a un Puerto compatible (como un cargador de pared, cargador de auto, o computadora)
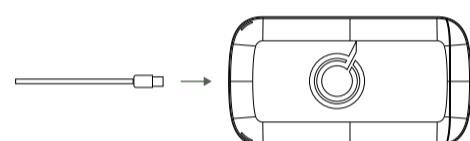

START CHARGING

Place your wireless charging device on your PowerFlip™ and look for the LED light to indicate charging has started.

Coloca tu dispositivo inalámbrico en tu PowerFlip y busca que la luz LED indique que ha iniciado la carga rápida.

STEP 2

*When your device is removed, ensure the LED light turns off before using the PowerFlip™ for charging again
*Cuando retires tu dispositivo, asegúrate que la luz LED se apague antes de usar el PowerFlip para cargar nuevamente

Leave your device case on to charge! The PowerFlip™ can wirelessly charge through cases up to 3mm thickness.
Deja tu funda del dispositivo colocada para cargar! El PowerFlip puede pasar carga inalámbrica a través de fundas hasta 3mm de grosor.

*Warning: Device cases that contain metal will prevent wireless charger from charging properly.
*Advertencia: Fundas que contengan metal evitarán que el cargador inalámbrico cargue adecuadamente.
