Equipment
Product Name: Wireless Charger, Car Charger
Model No.: WM-501, WM-501CA
Trade Name: PILOT

We declare under our sole responsibility that the above
referenced product has been tested on samples according
to FCC requirements and This device complies with part
15 of the FCC Rules.

Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, And
(2) this device must accept any interference received,
including Interference that may cause undesirable
operation.

FCC Part 18 Compliance Statement
for Wireless Charger

This equipment has been tested and found to comply with
the limits for a WPC device, pursuant to Part 18 of the FCC
Rules. These limits are designed to provide reasonable
protection against harmful interference in a residential
installation.

CAUTION: Changes or modifications not expressly approved
by the party responsible for compliance could void the user's
authority to operate the product.

NOTE: This equipment has been tested and found to comply
with the limits for a wireless power charger, pursuant to Part
18 of the FCC Rules. These limits are designed to provide
reasonable protection against harmful interference in a
residential installation. This equipment generates, uses and
can radiate radio frequency energy and, if not installed and
used in accordance with the instructions, may cause harmful
interference to radio communications. However, there is no
guarantee that interference will not occur in a particular
installation. If this equipment does cause harmful interference
to radio or television reception, which can be determined
by turning the equipment off and on, the user is encouraged
to try to correct the interference by one or more of the
following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different
from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician
for help.

FCC Part 15B Compliance for
Wireless Charger, Car Charger

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and (2)
this device must accept any interference received,
including interference that may cause undesired operation.

Warning: changes or modifications not expressly approved
by the party sponisible for compliance could void the user's
authority to operate the equipment.

Note: This equipment has been tested and found to comply
with the limits for a Class B digital device, pursuant to Part
15 of the FCC Rules. These limits are designed to provide
reasonable protection against harmful interference in a
residential installation.

This equipment generates, uses and can radiate radio
frequency energy and, if not installed and used in accordance
with the instructions, may cause harmful interference to
radio communications. However, there is no guarantee
that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio
or television reception, which can be determined by turning
the equipment off and on, the user is encouraged to try to
correct the interference by one or more of the following
measures:

- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and
receiver.
-- Connect the equipment into an outlet on a circuit different
from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician
for help.

CAR
WIRELESS CHARGER
User's Guide

Model No.: WM-501/WM-501CA
