Re: FCC ID: 2AQL3PR01523

Re: Request for confidentiality

To whom it may concern,

Request is hereby submitted by Gemalto, Inc. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC ID. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description

Rationale for request for confidentiality:

Gemalto Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

If you have any questions or comments, please do not hesitate to contact me.

Sincerely,
