

1. Enso Model 2 Charger : Adapter - External Photos , Part 2 of 2.docx - Please note that the chargers are not part of the FCC ID for the intentional radiator. While they may be an accessory provided at the time of purchase, they cannot be listed as part of the FCC ID. Please explain.

David Rowe Response – Apologies for the confusion. I was simply adding all photos and assuming Element would take what they need. Feel free to ignore.

2. Enso Model 2 Charger and Adapter - External Photos , Part 1 of 2.docx - Please explain why the Wireless Power Transfer (WPT) device photos have been provided. Please note that WPT devices require their own certification and are not and cannot be part of the certification for the intentional radiator.

David Rowe Response – Apologies for the confusion. I was simply adding all photos and assuming Element would take what they need. Feel free to ignore.
