FCC ID: 2AQMD-CALLIOPE-V13

To the attention of

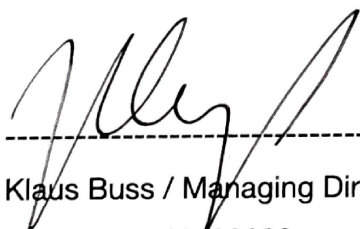

Federal Communications Commission

Authorization and Evaluation Division

Declaration Letter

Calliope gGmbH hereby state FCC ID will be placed in the user manual and on the device packaging instead on the device because the free space on the backside is actually limited and the silkscreen is rough so the number would not be readable in a small font size. There are also large vias on the backside that destroy small type/numbers and so the number would very likely not be identifiable.

Sincerely yours,

Klaus Buss / Managing Director
