PW3R® is a registered trademark, © Lyte Ltd. All rights reserved. All other trademarks are the property of their owners. PW3R, Paddington, London, United Kingdom.

Designed in United Kingdom. Printed in China. PNLTRKW-M-ENG-V1.

Battery Warning:

Never disassemble, drop, open, bend, puncture, deform, crush, shred, microwave, paint or incinerate the product or battery. Never insert a foreign object into battery terminals on the product. If the product or battery have been damaged, do not use - doing so could cause explosion or fire.

Product Storage and Handling:

Sensitive components are contained inside the product such as the battery. Avoid extreme temperatures when storing and handling the product. When the product is exposed to low or high temperatures, the product functions may slow and shorten battery life. Avoid exposing the product to dramatic changes in humidity when using the product, as condensation can form and damage components. If the product becomes damp, never dry the product using an external heat such as a blow dryer or microwave oven. Damage caused by contact with liquid inside the product or battery is not covered under warranty. Never store the product with other metal objects such as keys, coins or jewellery. There is potential for fire if the battery terminals come in contact with metal objects. Never make unauthorised changes to the product. Unauthorised changes may compromise regulatory compliance, safety, performance, and may void warranty.

Privacy and Responsibility:

All PW3R products must be used in conjunction with your country's privacy laws. Please use PW3R products responsibly at all times. PW3R and Lyte Ltd accept no liability for any misuse, accident or injury resulting from this product.

Warranty:

Lyte Ltd warrants the included hardware product and accessories against defects in materials and workmanship for one year from the date of original retail purchase. Lyte Ltd does not warrant against normal wear and tear, nor damage caused by accident or abuse. Available service options are dependent on the country which the service is requested and may be restricted to the original country of sale. S&A charges and international shipping charges may apply. Lyte Ltd will either repair, replace, or refund your product at its own discretion. Warranty benefits are in addition to rights provided under local consumer laws. You may be required to provide proof of purchase details when making a claim under this warranty. Full terms and conditions available at www.pw3r.com.

Notice of Change:

Some components, parts or content may differ on your device hardware or software depending on the date manufactured, region sold, and is subject to change without prior notice.

Declaration of Conformity

CE Compliance Statement: Hereby, Lyte Limited declares that the Radio equipment type in compliance with Directive 2014/53/EU requirements. The full text of the declaration of conformity are available at: www.pw3r.com.

UNCA Compliance Statement: This product has been tested and found in compliance with all provisions of The Radio Equipment Regulations 2017 (2017 No. 2383), and can be used within the United Kingdom. The full text of the declaration of conformity are available at: www.pw3r.com.

FCC Compliance Statement: 1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. 2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

RoHS Compliance Statement: The verification of RoHS Compliance has been granted to this product in accordance with the relevant provisions of EU RoHS Directive - 2011/65/EU.

Disposal of Waste Electrical & Electronic Equipment: Applicable in countries with separate collection systems. This label on the product, accessories or literature informs the product and electronic accessories (e.g. USB cable) is not to be disposed of with regular household waste. Please separate these items from other types of waste and recycle responsibly as the product material can be sustainably reused. Separate collection ensures no harm to the environment or to human health from uncontrolled disposal. For further details, please contact your local governing authority for details on where and how to safely recycle. Alternatively, you can contact us at info@pw3r.com. This EEE is compliant with RoHS.
