Request for Modular Approval

Product Name: Communication Module

Model No: CC3220MOD

FCC ID: 2AQQC-CC3220MOD

Pursuant to FCC Part 15.212, we would like to request modular approval for the module with the aforementioned FCC ID. The following shows how each of the 8 requirements for modular approval have been met:

Item	Requirements	EUT
1.	The modular transmitter must have its own RF shielding.	The module is equipped with its own shielding case.
2.	The modular transmitter must have buffered modulation / data inputs.	The module has buffer modulation / data inputs.
3.	The modular transmitter must have its own power supply regulation.	The module has its own power supply regulation.
4.	The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s),	The requirements of the antenna(s) and spurious emissions have been fulfilled. Please refer to the test report and the integrator instructions of this filing.
5.	The modular transmitter must be tested in a stand-alone configuration.	The module was tested on an evaluation board and was not inside any other device during testing.
6.	The modular transmitter must be labeled with its own FCC ID number.	The module transmitter will be labeled with its own FCC ID, and for OEM integration the integration manual contains labeling instructions for the host device per Part 15.212 (vi)
7.	The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.	The module approved transmitter complies with all applicable rules and the integration manual contains any specific requirements addressed to the integrator and/or to the end-user of the final end-product.
8.	The modular transmitter must comply with any applicable RF exposure requirement.	The module complies with the FCC RF exposure requirements for fixed and mobile applications. RF exposure is addressed in the RF exposure exhibit.

Sincerely,

Nic Johnson, NCEE Labs (authorized agent)
