

MODULE INTEGRATION MANUAL

MODEL NUMBER: 39H0043/FG013580

FCC ID and IC Number for this product is as follows.

FCC ID: 2AQX3-WG

IC: 24453-2AQX3WG

For Air Innovation integration only – device cannot be sold to general public.

NOTE: The radio module is for use in Air Innovations equipment only. Air Innovations equipment is typically installed in home wine cellars or restaurant Wine Cellars. No modifications are allowed to be made to the radio module by the end users.

NOTE: The selected frequencies used to control and monitor the system wireless components are set at Air Innovations for each individual system and are not adjustable by the end user. The Radio uses a set PCB Trace antenna. It is not replaceable or adjustable by the end user.

NOTE: The modular transmitter is only approved for use by the grantee in its own products and not intended for sale to third parties.

LABEL REQUIREMENT

The following statements required by FCC / ISED on the product and in the Installation manual Notice.

The FCC / ISED certification label of a module shall be clearly visible at all times when installed in the host product; otherwise, the host product must be labelled to display the FCC / ISED certification number for the module, preceded by the word "contains" or similar wording expressing the same meaning, as follows:

Contains FCC ID: 2AQX3-WG

Contains IC:24453-2AQX3WG

Additional FCC label requirement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

※When the device is so small or for such use that it is impracticable to label it with this statement in a font that is four-point or larger, and the device does not have a display that can show electronic labeling, then the information required by this paragraph shall be placed in the user manual and must also either be placed on the device packaging or on a removable label attached to the device.

MODULE INTEGRATION MANUAL

MODEL NUMBER: 39H0043/FG013580

USER MANUAL REQUIREMENT

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

FCC CAUTION

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter except in accordance with the FCC or ISED's multi transmitter policy.

When installing it in other mobile equipment.

FCC: Class II permissive change application and RF Exposure evaluation are necessary.

ISED: Class IV permissive change (C4PC) application and RF Exposure evaluation are necessary.
