

Dear Examiner,

We the undersigned intend to submit for authorization Sprinkles 2 (Plenty P/N: 800-00004808) under FCC ID: 2AR2K0002017 as a Single Limited Modular Approval. This device does NOT meets all 8 requirements for a single modular approval per § 15.212(a)(1) and KDB 996369. Item 1, 5, 6 below provide the rational for a Single Limited modular Approval request.

1) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly;
Not met. The device is a low power device and additional shielding is not needed.

2) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal;
This requirement is met

3) The module must contain power supply regulation on the module.
This requirement is met.

4) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).
The requirement is met as the antenna is permanently attached.

5) The module must demonstrate compliance in a stand-alone configuration.
Not Met. The modules were tested in the Sprinkles host assembly.

6) The module must be labeled with its permanently affixed FCC ID label, or must be capable of electronically displaying its FCC identification number.
Not Met. The module has a small footprint and has no suitable place for a label. A Packaging Label insert is provided if the device is transported. Also, labeling instructions are provided in the module integration instructions.

7) The module must comply with any specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee.
This requirement is met. Integration instructions are provided.

8) The modular transmitter must comply with any applicable RF exposure requirements in its final configuration.
This requirement is met.

Sincerely,
