

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of an EUT (End User Terminal) housing. The components include a small green printed circuit board (PCB) with various electronic components, a metal base, and a clear plastic bulb-like enclosure. The components are placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm).
Solder Board-Component View 1	 A close-up photograph of a small green PCB component, likely a solder board, showing various electronic components including a capacitor labeled '221'. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm).

Solder Board-Component View 4	 This micrograph shows a small, rectangular component soldered onto a blue PCB. A white label on the component contains a QR code and the text '23010100182W' and '100012593'. A black millimeter scale is visible in the background, with markings for 10, 20, 30, 40, 50, 60, and 70 mm.
Solder Board-Component View 5	 This micrograph shows a similar component soldered onto a blue PCB. The component has a white label with a QR code and the text '23010100182W' and '100012593'. A black millimeter scale is visible in the background, with markings for 10, 20, 30, 40, 50, 60, and 70 mm.
