

## USER GUIDE

LR156  
CONIC CLOCK

Design by Lida Gomez

### ENGLISH

#### PRODUCT OVERVIEW

- 1. Display
- 2. Power & Battery status
- 3. Volume - Previous track or station / Settings adjustment
- 4. Snooze / Alarm & Sound sleep / Preset FM stations
- 5. Volume - Next track or station / Settings adjustment
- 6. Volume
- 7. Sleep mode ON
- 8. Sleep mode 2 settings
- 9. Date
- 10. Smooth mode ON
- 11. Radio mode ON
- 12. USB-C port
- 13. Power & Battery status
- 14. Night mode ON
- 15. Volume (FM mode)
- 16. Alarm 1/2 ON
- 17. Alarm 2 settings
- 18. Radio mode ON
- 19. USB-C port
- 20. Preset FM stations

#### DISPLAY OVERVIEW

- a. Relative humidity
- b. Temperature in °C/F
- c. Volume adjustment
- d. Alarm 1/2 ON
- e. Time
- f. Date
- g. Smooth mode ON
- h. Sound OFF (mute)

#### BASIC OPERATIONS

- The Conic Clock has a built-in battery, allowing it to function without being continuously connected to a power source. The LCD display automatically activates when the top surface is touched, staying on for 10 seconds before dimming and then entering standby mode.

Power & Mode:

• Power ON/OFF: Long press the MODE button for 3 seconds.

• Switch Modes: Press the MODE button to toggle between FM Radio, Bluetooth®, and Music.

Volume & Navigation:

• Volume Adjustment: Press the +/ - buttons in FM Radio or Bluetooth® modes.

• Music / Track Selection: Press and hold the SNOOZE or MODE button.

Time & Alarm Settings Adjustment:

• Set Time: Press the MODE button and hold the CLOCK button to enter time-setting mode, use the +/ - buttons to adjust, and confirm with the SNOOZE or MODE button.

• Set Alarm: Press the MODE button and hold the CLOCK button to enter time-setting mode, use the +/ - buttons to adjust, and confirm with the SNOOZE or MODE button. The alarm will sound for 6 minutes when SNOOZE is pressed.

Bluetooth® Functions:

• Press the MODE button to enter Bluetooth® mode. Pair your device by selecting LEXON CONIC CLOCK from the Bluetooth® list on your mobile device.

#### SAFETY PRECAUTIONS

• Do not place the device near heat sources such as heaters or radiators.

• Do not use the device as a heater as it is not designed as correct for the device.

• Keep away from liquids.

• Do not insert any conductive objects into the speaker or charging port.

• Do not attempt to disassemble the internal parts or modify them in any way.

#### PRODUCT SPECIFICATIONS

Material: Aluminum / ABS

Weight: 400 g / 0.88 lb

Dimensions: 15.9 cm / 6.21 x 2.6

Speaker power: 5W

Bluetooth® range: 10m

Frequency range: 2.402 - 2.480 GHz

Bluetooth® version: 5.0

Battery voltage: 3.7V

Battery life:

• Up to 8h of battery life (Alarm & Clock only)

• Up to 8h of battery life (FM Radio mode only) at 75% volume

• Up to 8h of battery life (Bluetooth mode only) at 75% volume

Charging time: 5h

Operating temperature: 0°C - 35 °C

International warranty: 1 year

#### FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. It has not been tested to meet general RF exposure requirement. The user is encouraged to try to correct the interference by one or more of the following measures: Increase the separation between the equipment and receiver; Change the orientation of the antenna on the receiver; Connect the equipment to a different power source; Consult an experienced radio/TV technician for help. FCC ID: 2AB8A-15600. This device has not been tested to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

#### IC Caution

Radio equipment. Specifica RRS-Gen. Issue 5. This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's "license-exempt RSS(s)" regulations. This device may not cause interference. This device has not been tested to meet general RF exposure requirement. The device can be used in portable exposure condition, including interference that may cause undesired operation of the device.

#### CE Declaration of Conformity

CE Declaration of Conformity. This device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. All essential radio test suites have been carried out. This device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure condition without restriction.

#### Declaration of Conformity

Declaration of Conformity. Hereby, LEXON declares that the product type LR156 is in compliance with Directives 2014/53/EU & 2017/5/EU. The text of the EU declaration of conformity is available at the following internet address: <https://www.lexon-design.com/assets/certifications-c-e-luna.pdf>

#### UK Declaration of Conformity

This device is in compliance with the essential requirements and other relevant provisions of the UK Radio Equipment Regulations SI 2017/1206 (as amended). The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction. Hereby, LEXON declares that the product type LR156 is in compliance with the following regulations: The Radio Equipment Regulations 2017 and The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012. The text of the EU declaration of conformity is available at the following internet address: <https://www.lexon-design.com/assets/certifications-c-e-luna.pdf>
