To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457(d) and 0.459 of CFR 47. We have requested that the [Schematics and Block Diagrams](#) required to be submitted with this application be permanently withheld from public review.

In order to ensure that Carnegie Technologies maintains our initial market advantage, and to ensure vital proprietary design attributes are not accessible to our competitors, we would like the above-mentioned items to be withheld from public view.

Please contact me if there is any information you may need.

Sincerely,

John A. Nagy
