

Antenna specification

KS-WL11C
Name of supplier: Huizhou Huagao Circuit Co., Ltd.
Name/brand: PCB
Item: 13P2L11C11

Specifications and models: PCB Onboard antenna

technical parameter			
project	Test content	range	unit
1	Receiving frequency	300/450	MHz
2	Receiving bandwidth	± 100	MHz
3	Gain	0	dBi
4	texture of wood	copper	

PCB Antenna drawing:

length: 383.74mm width: 0.3mm thickness: 35um

We statement that All measurements were performed radiated and therefore additional antenna gain documentation is not required.
