TC320C-G, TC320C-N:

TC320C-G and TC320C-N are totally the same except the model's name for different market.

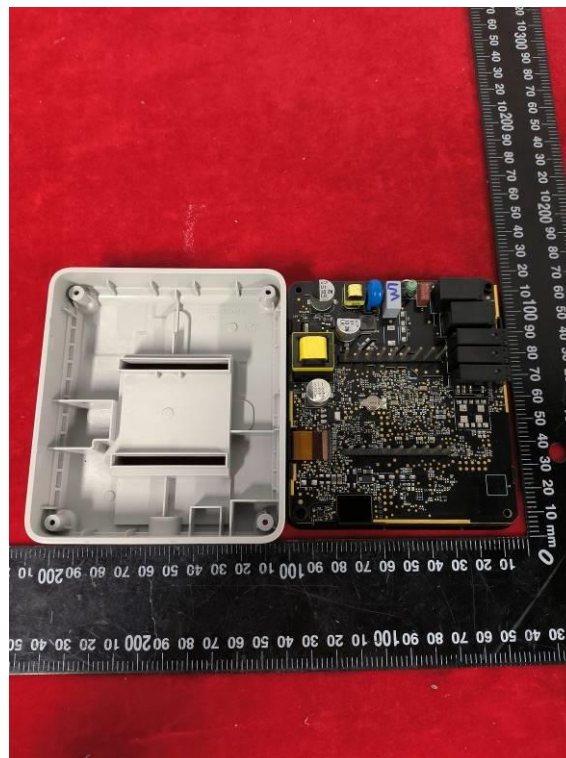

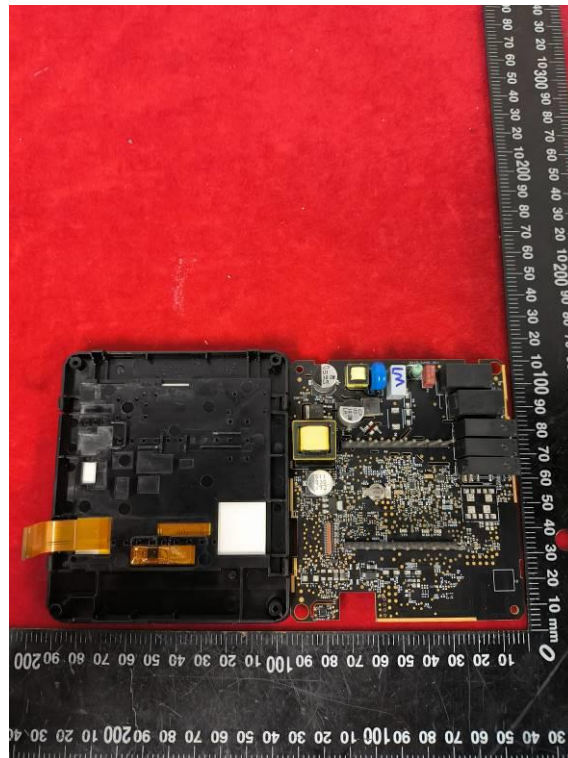

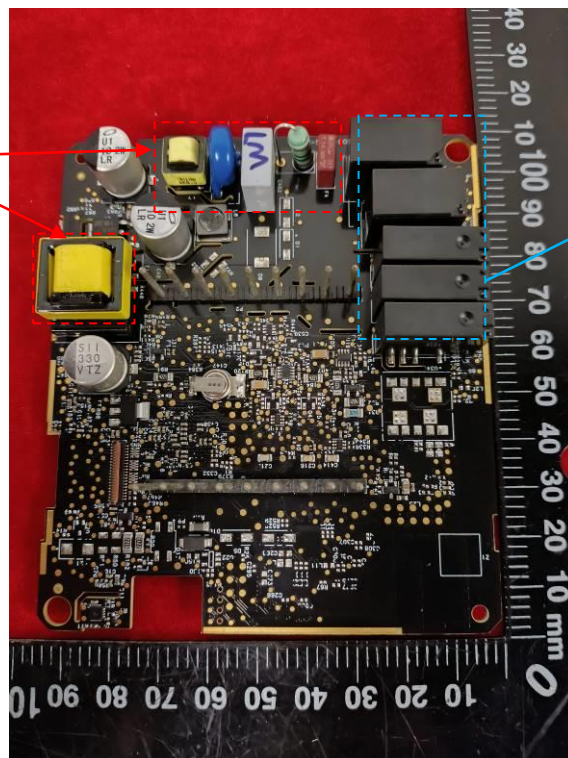

Photo Documentation

These components in the power supply circuits are removed for models TC320B-G and TC321B-G.

These relays are different from the ones in models TC320B-G and TC321B-G, due to satisfy different requirements on the max load.
