Thank you for buying this wireless charger. This manual provides you with instructions for the use of this product. Whether it's a smartphone with wireless charging feature, this fast wireless charger is ideal for charging.

Product specification

- Product Name:Wireless Charger
- Part Number: CHR-0661
- Input: 12V $\overline{\text{---}}$ 1.5A
- Output: 10W(Max)
- Dimension: 14.3*103mm

Product characteristics

1. Frequency range: 110-148KHz
2. Maximum RF output power of the product:20.47dBuA/m@3m
3. Accessories information:

Description	Model	Rating
Adapter	SC-51	Inupt: AC100-240V, 50/60Hz, 0.6A; Output:DC 5V,3A or DC 9V,2A or DC12V,1.5A
Cable	SKN6473A	1m Type A to Type C cable

4. FCC statement:

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the Federal Communications Commission (FCC) rules. These limits are designed to provide reasonable protection against harmful interference in a residential

installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Privacy of communications may not be ensured when using this device.

WARNING

Changes or modifications, to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

5. IC statement:

RSS-Gen statement:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada’s licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.*
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.*

L’ émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d’ Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L’ exploitation est autorisée aux deux conditions suivantes :

- 1) L’ appareil ne doit pas produire de brouillage;*
- 2) L’ appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d’ en compromettre le fonctionnement.*
