

USER GUIDE

INCLUDED

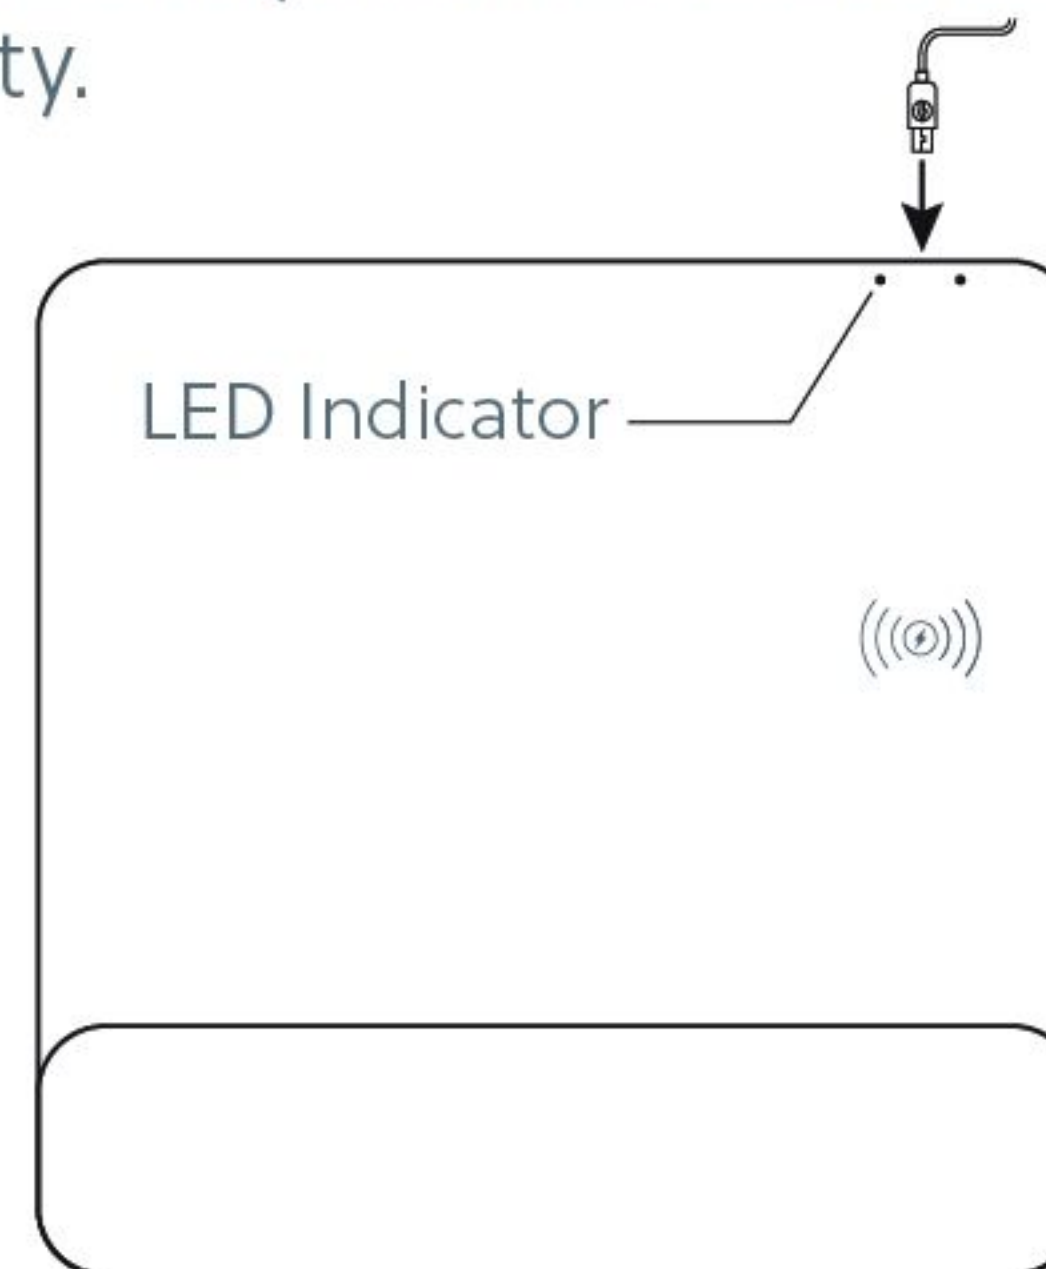

Wireless Charging Mousepad
Charging cable

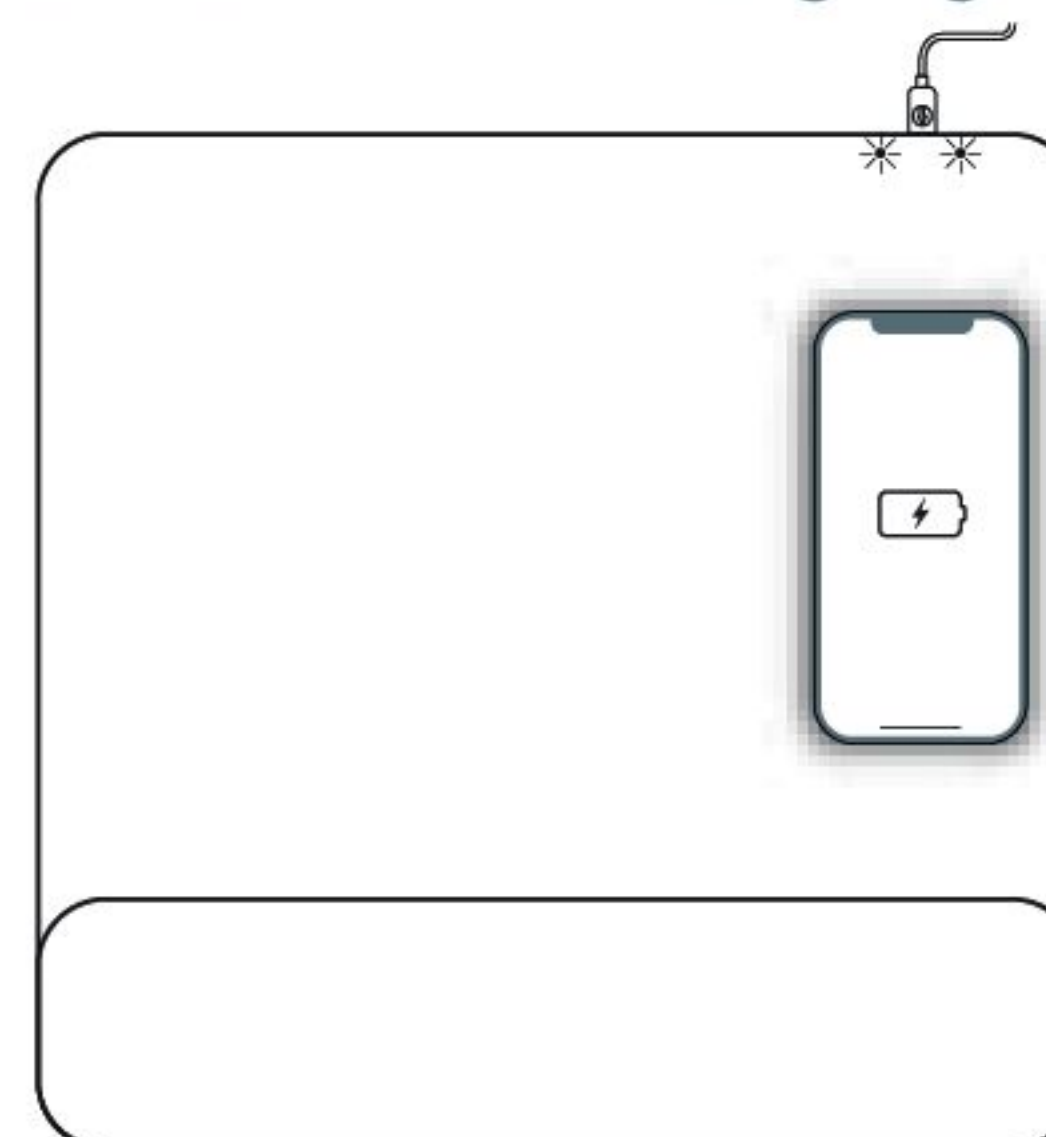

1. For the fastest charging, insert the large end of the USB charging cable into a power adaptor (not included), or use an available USB port.

2. Insert the small end of the USB charging cable into the USB port of the wireless charging mousepad. The LEDs indicate connectivity.

3. Place your Qi-standard device on the wireless charging mousepad area to start wireless charging. LED lights will start pulsing, indicating the device is charging.

NOTES

- Please keep the wireless charging mousepad away from water or other liquid.
- To clean, unplug and brush gently or wipe with clean cloth.
