Requesting permissive change

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for
FCC ID: 2ASAL-2103, Original grant date 10/25/2024 of **DTS** and 10/30/2024 of **DXX**.

The major change filed under this application is :

1. Addition of a boost IC to enhance power management efficiency.
2. Modification of the antenna matching structure to optimize performance.
3. Change in the NFC IC power source to improve operational stability.
4. The device has undergone EMC evaluations. The results confirm that the device remains compliant with FCC requirements and does not degrade the RF characteristics.
5. The RF parameters of this transmitter that may affect compliance, remains unchanged in this permissive change application.

Sincerely,

On behalf of LEDGER SAS,
