

INSTRUCTION MANUAL

Enjoy the space capsule Massage Chair

PLEASE BE SURE TO READ THIS MANUAL CAREFULLY TO LEARN THE
OPERATIONS OF THIS PRODUCT. DO NOT DISPOSE OF THE MANUAL AND KEEP
FOR FUTURE REFERENCE.

IMPORTANT SAFETY INSTRUCTIONS

When using an electrical appliance, basic precautions should always be followed, including the following: Read all instructions before using (this appliance).

DANGER--To reduce the risk of electric shock:

- Always unplug this appliance from the electrical outlet immediately after using and before cleaning.
- Never use pins or other metallic fasteners with this appliance.
- Carefully examine the covering before each use. Discard the appliance if the covering shows any sign of deterioration, such as checking, blistering, or cracking.
- **WARNING**--To reduce the risks of burns, fire, electric shock or injury to persons:
- An appliance should never be left unattended when plugged in. Unplug from outlet when not in use, and before putting on or taking off parts.
- Close supervision is necessary when this appliance is used by, on, or near children, or disabled persons.
- Use this appliance only for its intended use as described in this manual. Do not use attachments that have not been recommended by the manufacturer.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Return the appliance to a service center for examination and repair.
- Do not carry this appliance by the supply cord or use the cord as a handle.
- Keep the cord away from heated surfaces.
- Never operate the appliance with the air openings blocked. Keep the air openings free of lint, hair, and the like.
- Never drop or insert any object into any opening.
- Do not use outdoors.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- To disconnect, turn all controls to the off position, then remove plug from outlet.
- Keep children away from the extended foot support.
- Connect this appliance to a properly grounded outlet only. See Grounding Instructions.
- Use heated surfaces carefully. May cause serious burns. Do not use over insensitive skin areas or in the presence of poor circulation. The unsupervised use of heat by children or disabled persons may be dangerous.
- Do not operate under a blanket or pillow. Excessive heating can occur and cause fire, electric shock, or injury to persons.

SAVE THESE INSTRUCTIONS

GROUNDING INSTRUCTIONS

This product must be grounded. If it should malfunction or break down, grounding provides a path of least resistance for the electric current to reduce the risk of electric shock.

This product is equipped with a cord with an equipment-grounding conductor and a grounding plug. The plug must be plugged into an appropriate outlet that is properly installed and grounded in accordance with all local codes and ordinances.

Danger--Improper connection of the equipment-grounding conductor can result in a risk of electric shock.

Check with a qualified electrician or serviceman if you are in doubt as to whether the product is properly grounded. Do not modify the plug provided with the product - if it will not fit the outlet, have a proper outlet installed by a qualified electrician.

IMPORTANT SAFETY INSTRUCTIONS

OPERATING SURROUNDINGS

- Do not use or store the massage chair in a damp environment : i.e. bathroom, sauna, spa to avoid any mold, electric shock, fire or mechanical failure.
- Do not use the massage chair outdoors
- Do not use the massage chair under dusty, smeary, or anoxic conditions
- Do not place the massage chair near a heater, stove, or near sunlight radiation to avoid inner components overheating and causing fire
- Make sure to place the massage chair on a flat level ground
- The bracket part should be placed on the plain ground
- To avoid electric shock, please make sure to connect an earth wire and have it grounded.
- Don't use the machine while smoking

FOLLOWING CONDITIONS SHOULD CONSULT DOCTORS BEFORE USE

- Suffered from malignant tumor
- Serious heart disease
- Serious skin disease
- Serious boned hyperplasia
- During Pregnancy
- Be on the rest cure under the doctor's supervision
- If there is a bend in the back caused by an accident or disease
- Needing peaceful surroundings
- Arthritis Disease
- Implanted pacemaker for medical purpose
- Suffered from bowels disease (i.e. gastritis, entritis, diarrhea, hepatitis)

- Consciousness trouble
- In hyperpyretic

WARNING

Children under the age of 18 or people with disabilities (physical and mental) are not allowed to operate the massage chair without a doctors consent to prevent cases of electric shock, injuries, or mechanism malfunctions.

IMPORTANT SAFETY INSTRUCTIONS

For safety reasons and in order to clearly indicate potential dangers should the product be used improperly, instructions have been marked in the following manners and should be strictly noted.

⊘ CAUTIONS

Non-professional technicians are not allowed to dismantle or repair the chair to avoid fire, electrical shock or serious harm

Do not spray or directly pour liquids to the switch when cleaning to avoid insulation fault, electrical shock or short-circuiting.

When moving the chair in the process of storing or maintenance, be sure to disconnect the power plug from socket

Do not detach the plug with wet hands

Make sure to shut off and detach the power plug when cleaning or storing product

During cleaning or moving the machine, make sure to detach power cord to avoid fire or electrical shock

Do not place the machine onto an unstable surface to avoid roasting, insulation failure, electrical shock or turnover

When storing the machine, make sure to disconnect power plug to avoid fire caused by electricity leaking

Clean power plug periodically to avoid fire due to dust

Do not use it in any unsafe places or for other purposes

It is the main reason of product damage or accident

Do not store the machine onto an unstable surface

Unexpected earthquake or external force will cause damage or injury

Keep supply cord unobstructed at all time, i.e. not twisted, knotted, over flexed or pulled and do not place anything heavy on it

The appliance has a heated surface. Persons insensitive to heat must be careful when using the appliance.

IMPORTANT SAFETY INSTRUCTIONS

⊘ CAUTIONS

Do not modify the structure or change components by unauthorized person

Do not dismantle the machine by unauthorized person to avoid electrical shock, short-circuit or fire

Do not store it near a fire or flammable substances

It is one of the reasons of causing product manipulation, deviation, or damage

Should any abnormality occur(i.e. scorching smell), stop using immediately and detach power plug from socket

Operating under an abnormal situation will cause fire or electrical shock, please contact your local seller or authorized service agent for maintenance

Do not place the machine onto an unstable surface to avoid roast, insulation failure, electrical shock or turnover

Only rated voltage must be used

Stop using immediately if supply cord or power plug be damaged or loosen

Be sure to keep children away during operating to avoid any hazard

Do not explore it under sunshine at all time

If the supply cord is damaged,it must be replaced by the manufacturer or its authorized persons for repair or maintenance to avoid any hazard

IMPORTANT SAFETY INSTRUCTIONS

FCC Statement

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

ISED RSS Warning:

This device complies with Innovation, Science and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'ISED applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

ISED RF exposure statement:

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Le rayonnement de la classe b respecte ISED fixaient un environnement non contrôlés. Installation et mise en œuvre de ce matériel devrait avec échangeur distance minimale entre 20 cm ton corps. Lanceurs ou ne peuvent pas coexister cette antenne ou capteurs avec d'autres.

INSTALLATIONS GUIDE

Legrest Installation

- In order to install the footrest make sure that the connecting axis points of the footrest lines up with the seat base as shown in the diagram below. Once aligned tighten the "fixed screw". An Install video will be available online for more detailed instructions. Once completed connect the electrical wire and air pipe as shown in the left illustration.
- As a final step make sure the air hose is not bent or twisted anywhere before zippering up the seat cushion to the legrest.

FUNCTION OF EACH PART

MOVING THE MASSAGE CHAIR

Method 1: Using Casters

- When moving the chair, one person should tilt the back and the other lift up the footrest to 45 degrees. Then push the chair forward via casters.
- The back should not be reclined too low in case of the chair falling down and causing damage and harm to property or persons.

Method 2: Lift up by two persons and move the chair

- Please grasp the bottom of the side plate (not the base) with your hands and lift it up.
- Due to the heavy weight, the chair must be carried by two or more people. Also please be careful when handling to avoid back strain.

Attention

- Do not drag or push the chair when it is not installed.
- Do not hold the plastic parts of the foot cover and power box for moving. Otherwise, it is easy to cause machine failure or personal injury.
- Do not move the chair when someone is seated. Otherwise, it may cause malfunction or personal injury.
- Before moving the machine, please turn off the chair (backrest & footrest will go back to original position) and unplug the power cord. Otherwise, it may cause malfunction or personal injury.
- It is recommended to lay a cushion on the floor in case of scratching by casters when

CHAIR PLACEMENT

- When placing your massage chair, be sure to leave 6 in. of space between the chair back and wall to allow it to recline safely.
- When using the massage chair, ensure there are no people, pets, or objects within 20 in. of the chair to allow the footrest to extend safely.

Attention

- Do not use in places with high humidity such as bathrooms or saunas.
- Please use on a flat and non-slippery ground.
- Do not use in a place with a lot of debris or dust, or a place with high surrounding temperature (above 40°C).
- Do not place the unit under direct sunlight or near high-temperature places such as heating appliances.
- Do not let flames such as cigarettes near the massage chair.

Connecting the power cord

- Insert the power cord into the chair's power socket, then plug the cord into a grounded wall outlet.
- Turn the power switch to the ON (I) position.

CONTROLLER PANEL

Bluetooth & Music Function

- Open your mobile device Bluetooth function and pair with the chair Bluetooth code “OSAXXX” or “BK8000L”, then you could play the music via speakers.

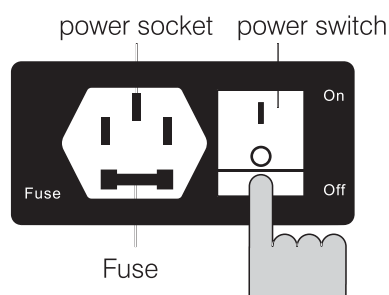

⚠ Note:

- 1)The connecting password for Bluetooth is “9999” if there is. The default setting is without password.
- 2)The Bluetooth speaker could only connect with one Bluetooth device at a time. Please turn off your Bluetooth device so others could enjoy it as well.

HOW TO USE

1. Turning On the Massage Chair

- First, be sure the power switch on the power box is in the off "O" position. Then insert the power cable into the port of socket on the left to the switch. Once firmly plugged in, proceed to plug the power cord into the outlet. Then flip the switch to the on "I" position, and the remote should light up.

(The box at back of the chair)

Warning: Do not insert or pull out the power plug with wet hands, otherwise an electric shock would happen.

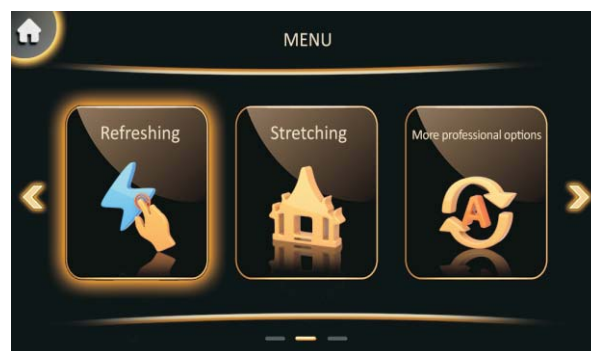

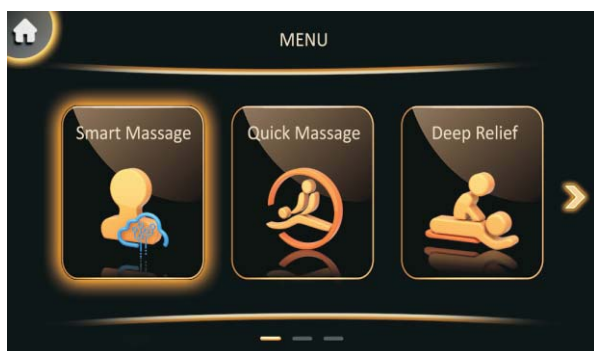

2. Starting Your Massage

- Sit in the chair, then press the power button of controller panel and select a massage.

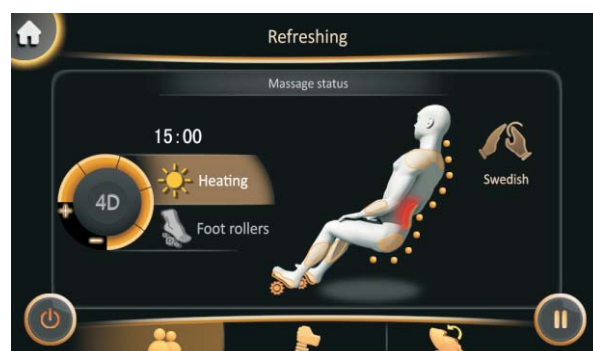

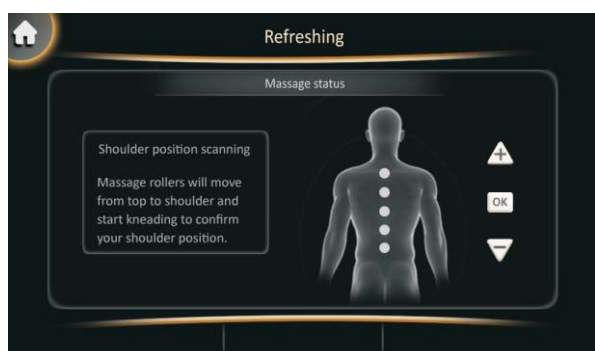

3. Automatic Massage Program Introduction

Operation method:

- 1) Press the home page [] key on controller panel to return the main menu.
- 2) Press [ ] key to select Auto program menu, then choose the Auto program to start. The back rollers will detect shoulder position automatically. When you hear "Beeping", the detection is finished, at this moment it allows to press up or down [ ] key to adjust a more accurate shoulder position as you need, then press [] key to start massage.
