INNER RANGE Pty Ltd

has spent substantial effort in developing this high security NFC card reader product and it is one of the few of its kind in industry that uses an inhouse designed proprietary protocol with a unique hardware design. Having the subject information easily available to "the outside world" would negate the advantage of having developed such a high security product.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be withheld from public review due to materials that contain trade secrets and proprietary information.

Term Confidentiality:

The applicant requests the exhibits selected above as short term confidential be withheld from public view for a period of 180 days from the date of Equipment Authorization and prior to marketing. This is to avoid premature release of sensitive information prior to marketing or release of the product to the public. Applicant is also aware that they are responsible to notify FCC in the event information regarding the product or the product is made available to the public. FCC will then release the documents listed above for public disclosure to FCC Public Notice DA 04-1705 June 15,2004.
