

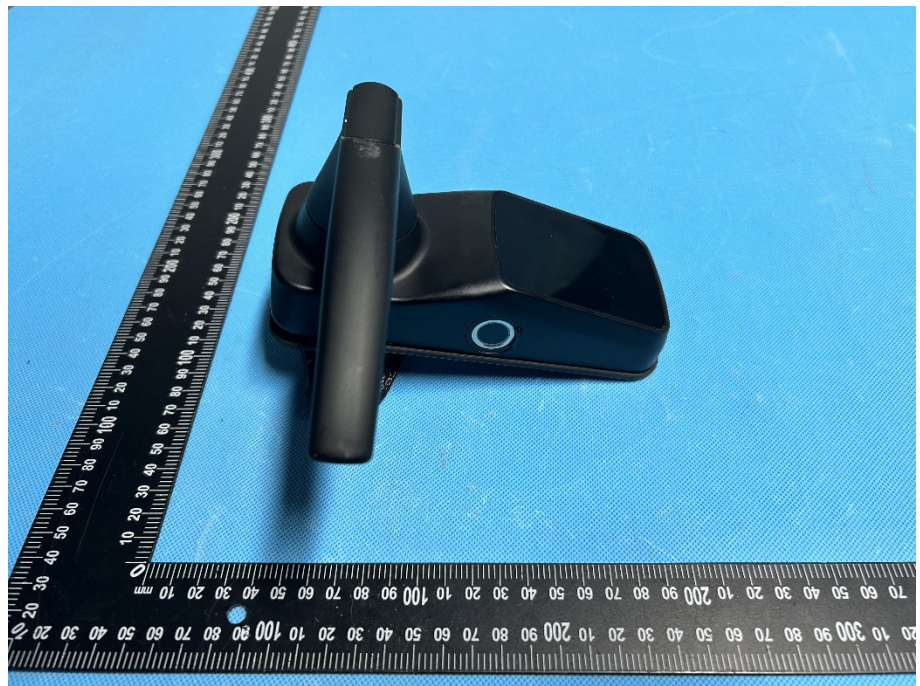

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black electronic device, likely a handheld radio or similar communication equipment, is shown from a top-down perspective. It features a rectangular body with a small, dark display screen on the left side and a curved handle extending from the right. A small green LED indicator is visible on the front panel. The device is placed on a blue textured surface next to a black L-shaped ruler for scale. The ruler has white markings in centimeters and millimeters.
EUT View 2	 A close-up view of the same black electronic device, focusing on the handle and the front panel. The device is positioned vertically on a blue textured surface. A black L-shaped ruler is placed to the left of the device for scale. The ruler shows markings in centimeters and millimeters.

EUT View 3	 A black electronic device, possibly a handheld scanner or reader, is shown from a top-down perspective. It has a yellow label on the top surface and a cable connected to the bottom. The device is placed next to a black ruler with white markings for scale. The background is a blue textured surface.
EUT View 4	 A black electronic device with a long, curved handle is shown from a side perspective. The device is placed next to a black ruler with white markings for scale. The background is a blue textured surface.

EUT View 5	 A black handheld electronic device (EUT) is shown from a side profile. It has a rectangular base and a vertical handle extending upwards. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, showing measurements in centimeters and millimeters. The device's base is approximately 10 cm wide and 5 cm high.
EUT View 6	 A black handheld electronic device (EUT) is shown from a front-facing perspective. It features a horizontal handle at the top and a rectangular screen below it. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented horizontally, showing measurements in centimeters and millimeters. The device's screen is approximately 5 cm wide and 3 cm high.
