

**BIKE QUICK ADJUST REMOTE 2
USER MANUAL**

INSTALLATION

STEP 1

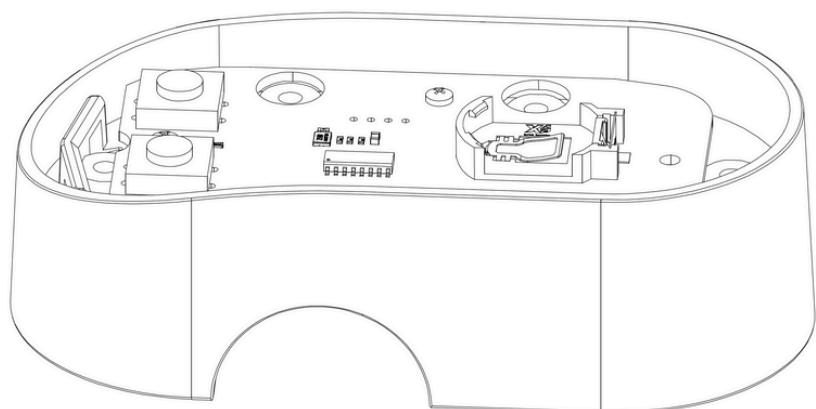

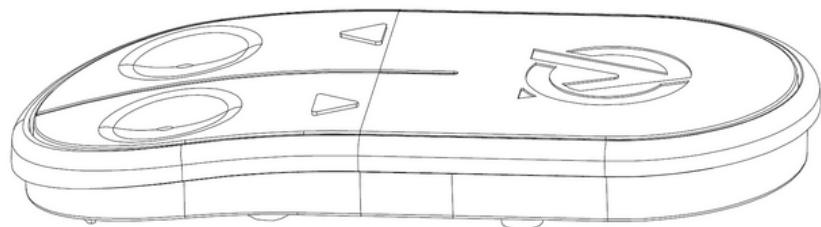

Tools:

Using the provided Phillips screwdriver, remove the six screws located on the bottom of the remote.

INSTALLATION

STEP 2

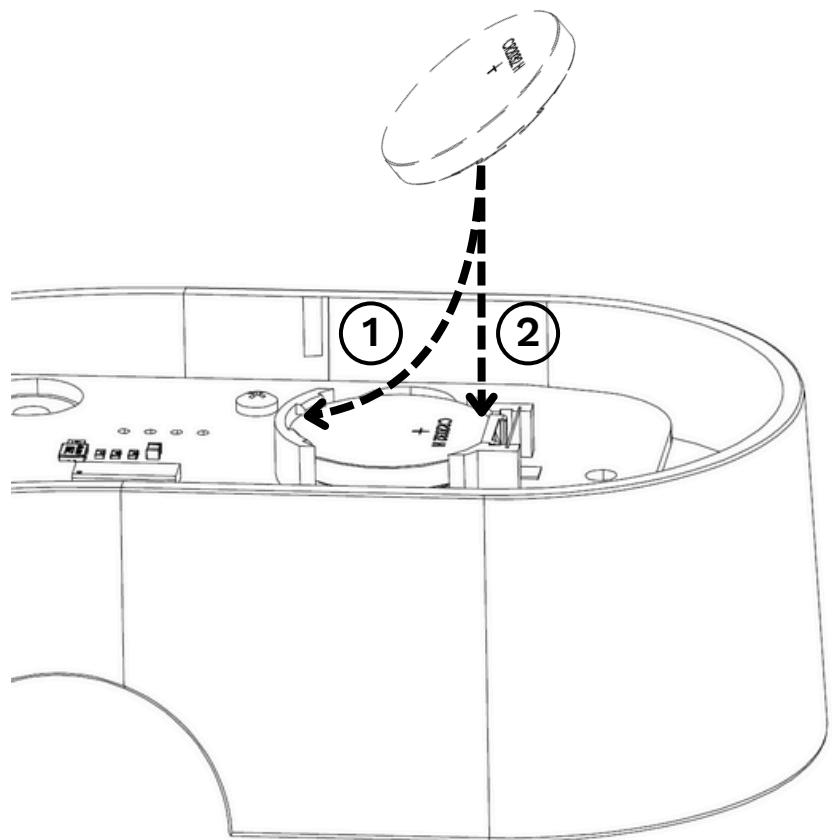

Tools: No tools required

Carefully separate the upper controller section from the main body of the remote.

INSTALLATION

STEP 3

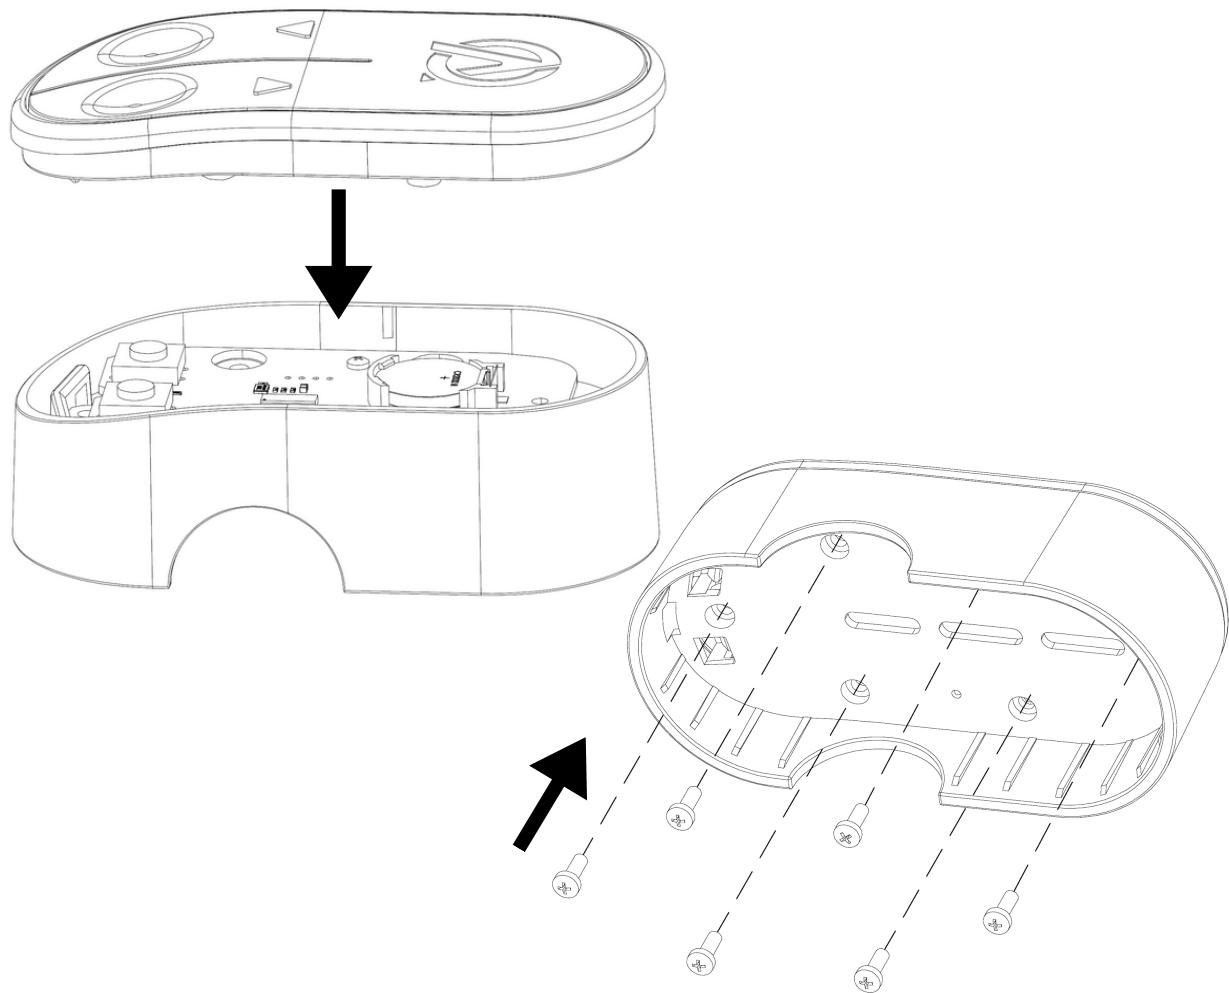

Tools: No tools required

Hold the CR2032 battery with the positive side facing up. Insert it at a slight angle to avoid bending the upright prongs. Slide it under the fixed tab, then press down until it clicks securely into place.

INSTALLATION

STEP 4

Tools:

Carefully position the upper controller section on top of the main body of the remote, then use the provided Phillips screwdriver to insert and tighten the six screws on the bottom of the remote.

TERMS AND CONDITIONS

General Policies

Aviron Interactive Inc. (“Aviron”) aims to satisfy you (the “customer”) completely. Plans and specifications are interpreted as required, but Aviron takes no responsibility that the information provided is suitable for the intended purpose. Aviron reserves the right to accept or refuse any order as part of its policy of continuous equipment improvement. All information supplied by Aviron is believed to be accurate, but Aviron is not liable for errors or misinterpretations.

Exclusion of incidental, consequential, and certain other damages

To the maximum extent permitted by applicable law, in no event shall Aviron or its suppliers nor anyone else involved in the production or delivery of this equipment be liable for any indirect, special, consequential, punitive, or incidental damages whatsoever (including, but not limited to, damages for loss of profits or loss of data or confidential or other information, for business interruption, loss of business information, and the like) arising out of or related to this agreement or the use or inability to use such equipment, the provision of or failure to provide support or other services, information, software, and related content through the Aviron equipment or otherwise arising out of the use of the Aviron equipment, or otherwise under or in connection with any provision of this license, even in the event of the fault, tort (including negligence), misrepresentation, strict liability, breach of contract or breach of warranty of Aviron or any supplier, and even if Aviron has been advised of the possibility of such damages. In no event shall Aviron's liability hereunder, if any, exceed the purchase price paid by the customer for the Aviron equipment.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

UL 4200a-23 Notice

This product contains non-replacement batteries. The battery type is CR2032 Lithium with a nominal voltage of 3V. Please follow the local regulations for properly disposing of used batteries, ensuring recycling or disposal. Keep away from children. Do not dispose of batteries in household trash or incinerate them. Used batteries have the potential to cause severe injury or even death. If needed, please contact your local poison control center for information on treatment. Avoid forcing discharge, recharge, disassembly, or exposure to heat exceeding the manufacturer's specified temperature rating. Doing so could lead to injury from venting, leakage, or explosion, resulting in chemical burns. Non-rechargeable batteries are not to be recharged.

⚠ WARNING

- **INGESTION HAZARD :**
This product contains a button cell or coin battery.
- **DEATH** or serious injury can occur if ingested.
- A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as **2 hours**.
- **KEEP** new and used batteries **OUT OF REACH** of **CHILDREN**.
- Seek immediate medical attention if a battery is suspected to be swallowed or inserted inside any part of the body.
- The product contains non-replaceable batteries.
- Battery type : MS621FE FL11E Nominal voltage : 3.0V

IC Warning:

This device contains license-exempt transmitter(s)/receiver(s)/ that comply with Innovation, Science, and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

- This device may not cause interference and
- This device must accept any interference, including interference that may cause undesired operation of the device.

Radiation Exposure: This equipment complies with Canadian radiation exposure limits set forth for an uncontrolled environment; To maintain compliance with IC's RF Exposure guidelines, This device and its antenna(s) must not be co-located or operated in conjunction with any other antenna or transmitter.

Déclaration de l'ISED Canada:

Cet appareil contient des émetteurs/récepteurs exempts de licence conformes aux RSS exempts de licence d'Innovation, Sciences et Développement économique Canada. L'opération est soumise aux deux conditions suivantes:

- Cet appareil ne doit pas causer d'interférences et
- Cet appareil doit accepter toute interférence, y compris les interférences pouvant provoquer un fonctionnement indésirable de l'appareil.

Exposition Aux Radiations: Cet équipement est conforme aux limites d'exposition aux radiations du Canada pour un environnement non contrôlé. Pour maintenir la conformité aux directives d'exposition RF d'IC, cet appareil et ses antennes ne doivent pas être co-localisés ou utilisés conjointement avec une autre antenne ou un autre émetteur.

Disclaimer

The information contained in this user manual is for reference only. The product described above may be subject to modifications of the manufacturer's continuous research and development plans. The manufacturer is not obligated to announce it in advance.

We shall not bear any legal liability for any direct or indirect, accidental, special damages, losses, and expenses derived from or associated with this manual or the product contained.
