CONDUCTIX INCORPORATED

The technical data and images which appear in this manual are for informational purposes only. **NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE CREATED BY THE DESCRIPTIONS AND DEPICTIONS OF THE PRODUCTS SHOWN IN THIS MANUAL.** Conductix makes no warranty (and assumes no liability) as to function of equipment or operation of systems built according to customer design or of the ability of any of its products to interface, operate or function with any portions of customer systems not provided by Conductix.

Seller agrees to repair or exchange the goods sold hereunder necessitated by reason of defective workmanship and material discovered and reported to Seller within one year after shipment of such goods to Buyer.

Except where the nature of the defect is such that it is appropriate, in Seller's judgment, to effect repairs on site, Seller's obligation hereunder to remedy defects shall be limited to repairing or replacing (at Seller's option) FOB point of original shipment by Seller, any part returned to Seller at the risk and cost of Buyer. Defective parts replaced by Seller shall become the property of Seller.

Seller shall only be obligated to make such repair or replacement if the goods have been used by Buyer only in service recommended by Seller and altered only as authorized by Seller. Seller is not responsible for defects which arise from improper installation, neglect, or improper use or from normal wear and tear.

Additionally, Seller's obligation shall be limited by the manufacturer's warranty (and is not further warranted by Seller) for all parts procured from others according to published data, specifications or performance information not designed by or for Seller.

Seller further agrees to replace or at Seller's option to provide a refund of the sales price of any goods that do not conform to applicable specifications or which differ from that agreed to be supplied which non-conformity is discovered and forthwith reported to Seller within thirty (30) days after shipment to the Buyer. Seller's obligation to replace or refund the purchase price for non-conforming goods shall arise once Buyer returns such goods FOB point of original shipment by Seller at the risk and cost of Buyer. Goods replaced by Seller shall become the property of Seller.

There is no guarantee or warranty as to anything made or sold by Seller, or any services performed, except as to title and freedom from encumbrances and, except as herein expressly stated and particularly, and without limiting the foregoing, **there is no guarantee or warranty, express or implied, of merchantability or of fitness for any particular purpose or against claim of infringement or the like.**

Seller makes no warranty (and assumes no liability) as to function of equipment or operation of systems built to Buyer's design or of the ability of any goods to interface, operate or function with any portions of Buyer's system not provided by Seller.

Seller's liability on any claim, whether in contract, tort (including negligence), or otherwise, for any loss or damage arising out of, connected with, or resulting from the manufacture, sale, delivery, resale, repair, replacement or use of any products or services shall in no case exceed the price paid for the product or services or any part thereof which give rise to the claim. In no event shall Seller be liable for consequential, special, incidental or other damages, nor shall Seller be liable in respect of personal injury or damage to property not the subject matter hereof unless attributable to gross misconduct of Seller, which shall mean an act or omission by Seller demonstrating reckless disregard of the foreseeable consequences thereof.

Seller is not responsible for incorrect choice of models or where products are used in excess of their rated and recommended capacities and design functions or under abnormal conditions. Seller assumes no liability for loss of time, damage or injuries to property or persons resulting from the use of Seller's products. Buyer shall hold Seller harmless from all liability, claims, suits and expenses in connection with loss or damage resulting from operation of products or utilization of services, respectively, of Seller and shall defend any suit or action which might arise there from in Buyer's name - provided that Seller shall have the right to elect to defend any such suit or action for the account of Buyer. The foregoing shall be the exclusive remedies of the Buyer and all persons and entitles claiming through the Buyer.

Attention:

Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate this equipment.

This product meets the applicable FCC Part 15 rules and Industry Canada's license exempt RSSs. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent matériel est conforme aux CNR exempts de licence d'Industrie Canada. Son fonctionnement est soumis aux deux conditions suivantes: (1) cet appareil ne peut pas provoquer d'interférences, et (2) cet appareil doit accepter toute interférence, y compris celles susceptibles de provoquer le fonctionnement du dispositif.

To limit RF exposure, please ensure 4 inches (10 cm) of separation from the transmitter antennas at all times.

FCC ID: 2ASM6-CXWA

IC: 11769A-CXWA

SECTION 1 - GETTING STARTED

Quick Guide

- The VersaReel Blue is able to connect to all Bluetooth-enabled Apple and Android devices.
- Optimal range to use the VersaReel Blue is up to 100 feet.
- As a safety feature, Bluetooth connection from the app to the reel will terminate when the screen is locked, or goes into sleep mode. The user will need to reconnect the app to the reel at this point.

App Download

1. On an Apple iPhone or iPad, go to the App Store; on an Android OS phone or tablet, go to the Google Play Store.
2. In the search field, type in “versareelblue”. Tap the **VersaReelBlue** app to open.
3. Tap **Install** in Google Play Store for Android version; tap  in Apple Store for iOS version.
4. Once install is complete, tap **Open** to open the app.

SECTION 1 - GETTING STARTED

Device Safety Features

- If the user taps the **Up** or **Down** buttons more than three times consecutively within 0.5 seconds of each other, all reel function stops and a warning appears. The user must press “**Got It**” to continue.
- Holding the **Up** or **Down** buttons for 25 seconds, regardless of the reel speed, will cause all motor operation to stop.

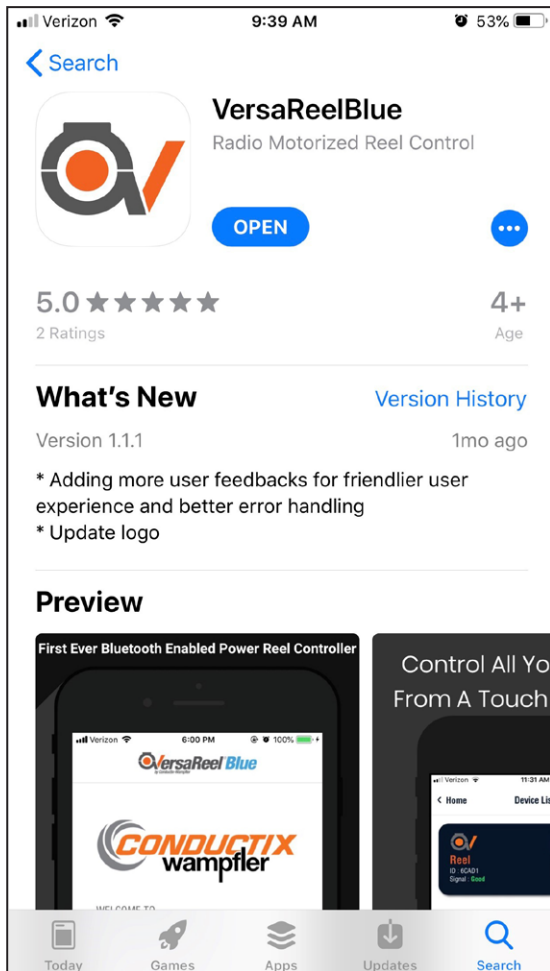

Figure 6-1: App download screen (Apple OS)

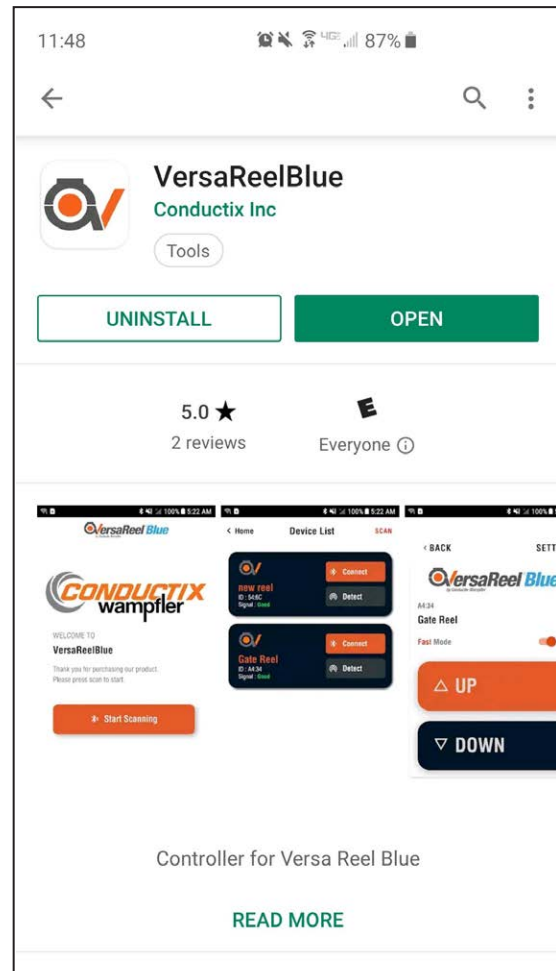

Figure 6-2: App download screen (Android OS)

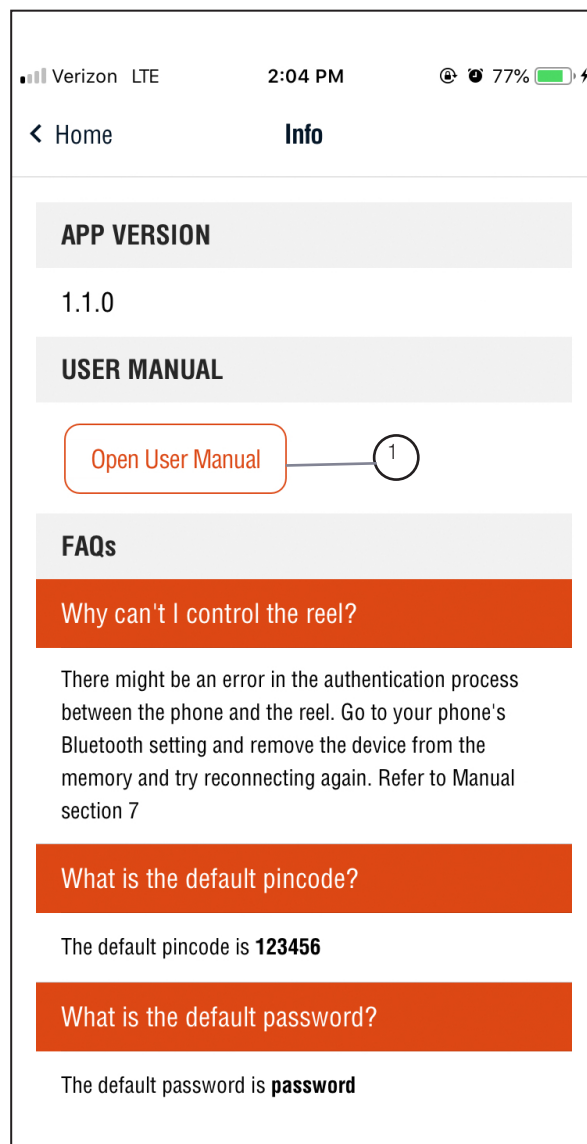

SECTION 2 - MOBILE APP INITIAL SETUP

Scan Screen

When the **Scan** screen comes up, press the **Info** button to display required user information.

Info Screen

The **Info** screen provides the most current version for the app; a downloadable PDF of the user manual; FAQs; the default pincode; and the default password.

Callouts: 1) Link to the user manual

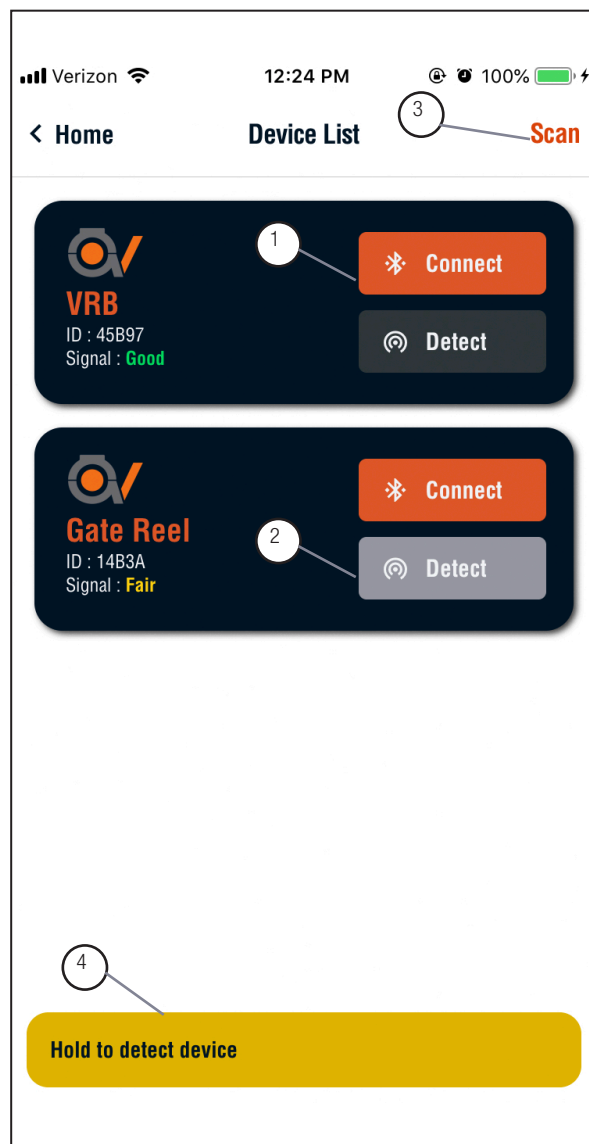

SECTION 2 - MOBILE APP INITIAL SETUP

Scan Screen

When the **Scan** screen comes up, press **Scan** button to display a list of available devices to connect to.

Device List

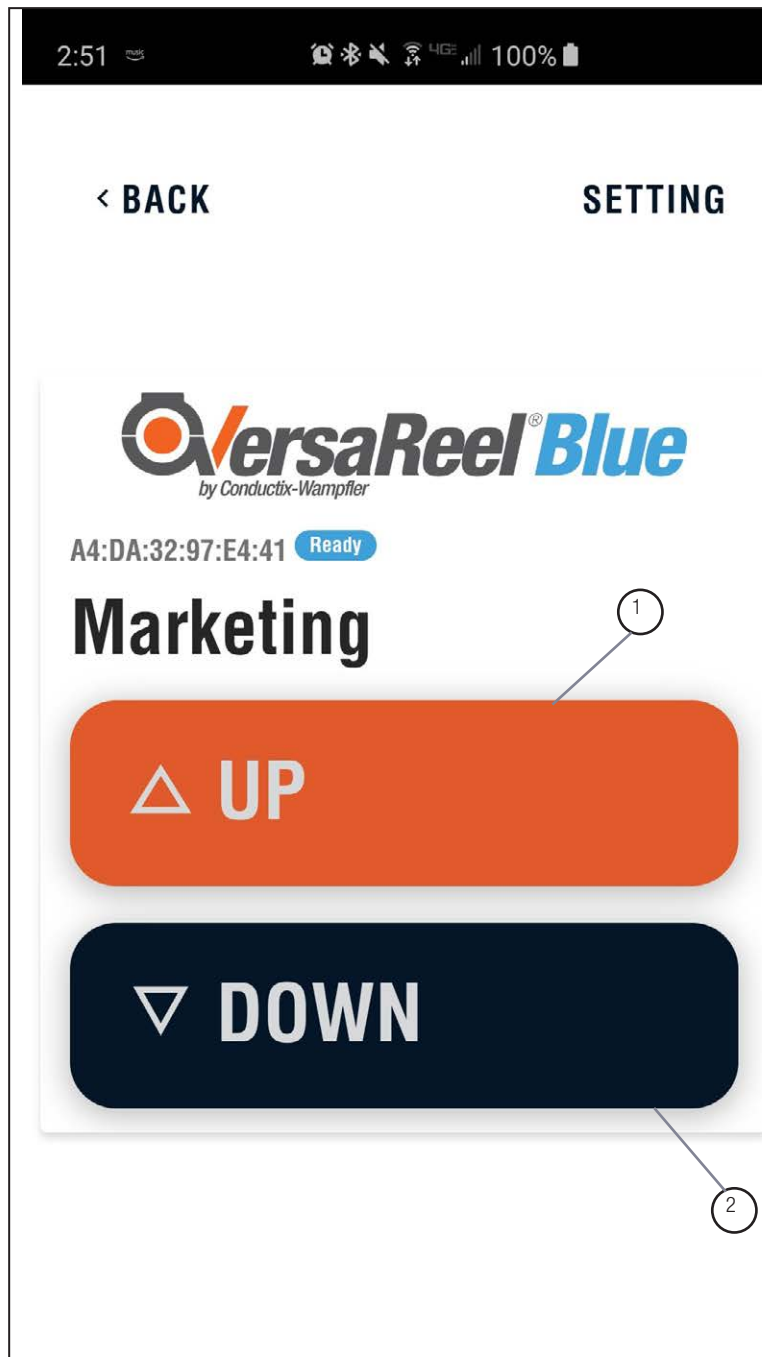

The **Scan** screen shows the individual devices to interact with. When user presses the **Hold To Detect Device** button, the reel's light indicator turns red to show which reel the signal is being transmitted to. Green on the light indicator shows an available reel.

Callouts: 1) Detect device; 2) Connect to device; 3) Scan; 4) Hold To Detect Device button

SECTION 2 - MOBILE APP INITIAL SETUP

Device Control

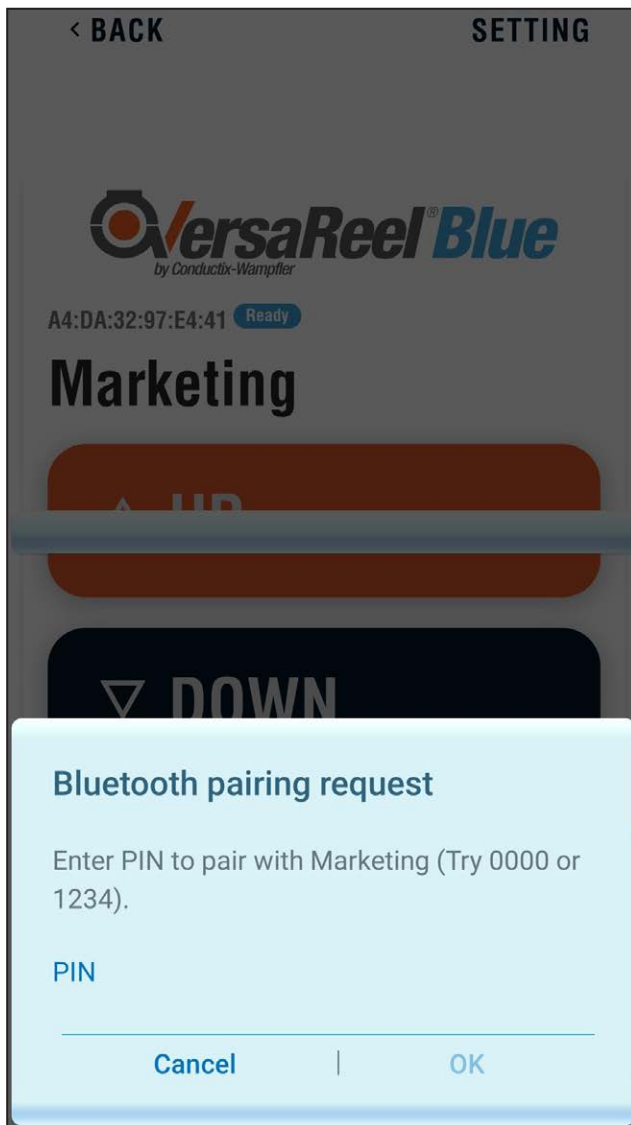

Once a device is paired, the main **Device Control** screen comes up.

Callouts: 1) Retract; 2) Pay out

SECTION 3 - MOBILE APP USER CONFIGURATION

Default Pin Code Screen

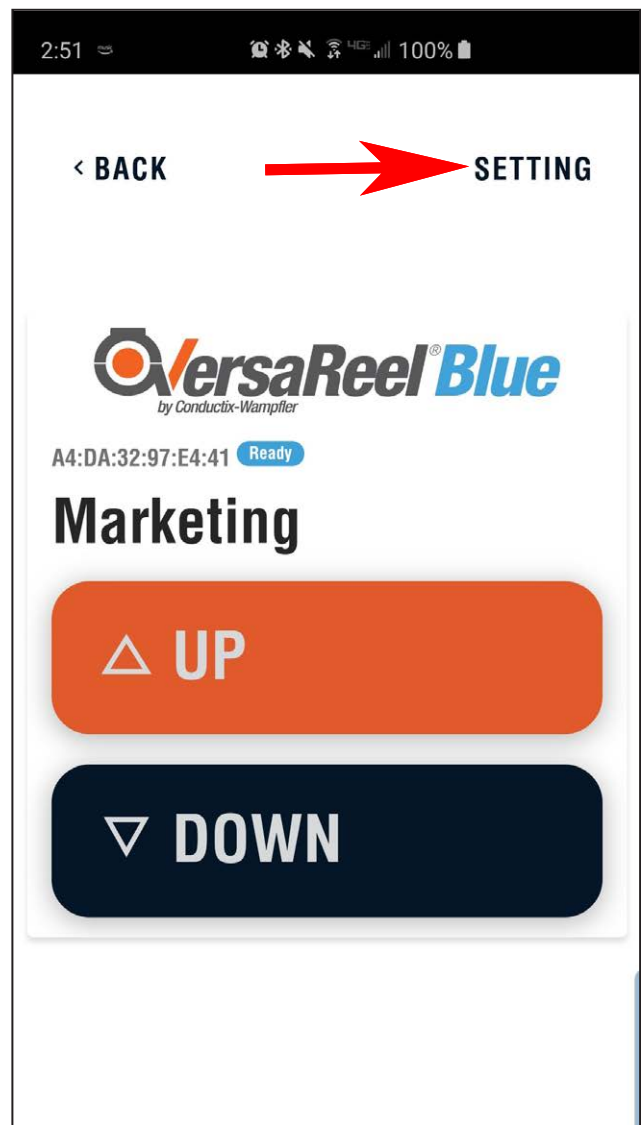

The first time the **Up/Down** buttons are pressed, a Pairing Requests prompts user to enter pincode. Enter **123456** (pin code can be changed in the **Setting** screen).

NOTE

The text prompting user to enter 0000 or 1234 is auto-generated by the phone and is not applicable.

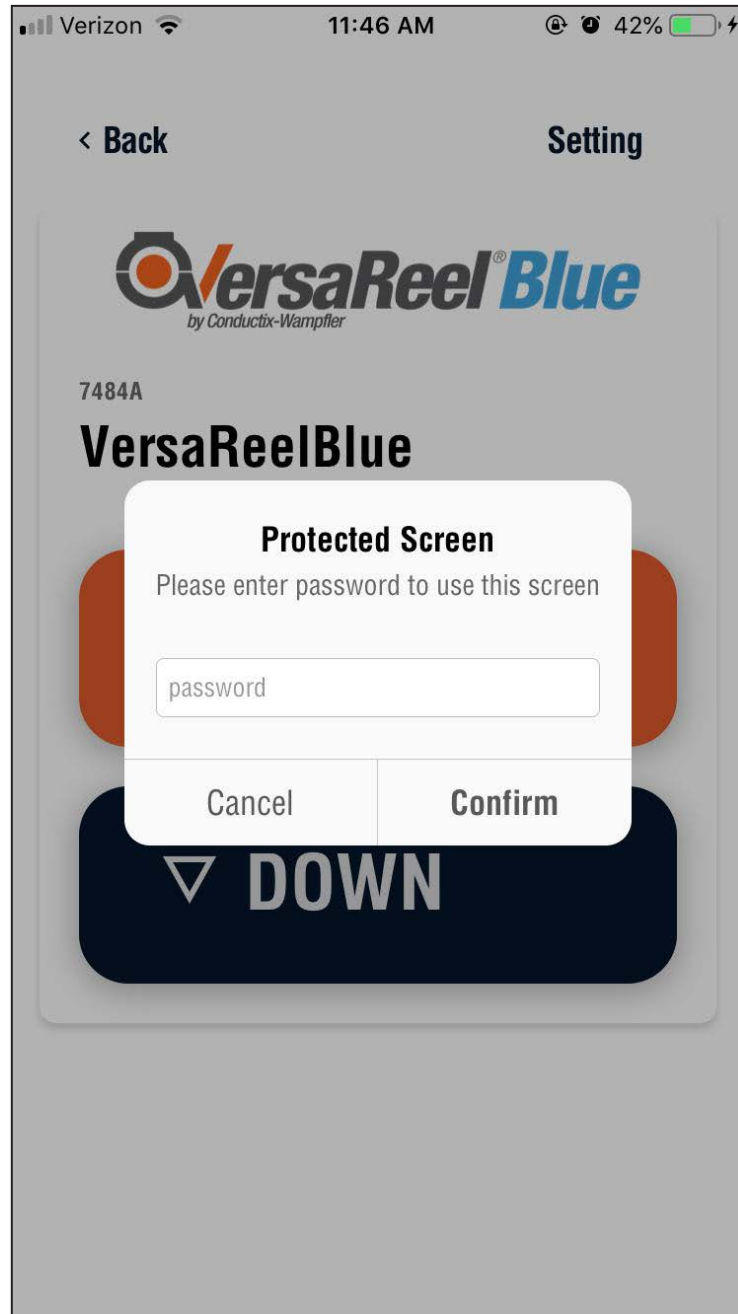

Ready To Use Screen

At the **Ready To Use** screen, changes to the reel's pincode, name, and password are done by pressing the **Setting** tab. Users are encouraged to change the default password following the initial setup. The maximum number of characters for the password is 12 characters, and it must contain one number.

SECTION 3 - MOBILE APP USER CONFIGURATION

Default Master Password Screen

After selecting **Setting**, a prompt asks for the default master password. Enter **password**. The master password allows user to change the reel's pincode, name, and password. Users are encouraged to change the default password following the initial setup.

SECTION 3 - MOBILE APP USER CONFIGURATION

Change Master Password Screen

Verizon LTE 2:05 PM 77%

< Back Setting

Change Master Password

New Password

Password must contain at least one letter and be between 6 to 12 characters.

Confirm New password

Confirm

Change Device Pincode

Change Device Name

Master (or User) Password is required to access the Settings Panel. Choose the **Change Master Password** option to expand the form. Toggle **Show Password** to help verify the input is correct.

Change Device Pincode Screen

Verizon LTE 2:05 PM 77%

< Back Setting

Change Master Password

Change Device Pincode

New Pin

Enter 6-digit Pin Only!

Confirm New Pin

Confirm

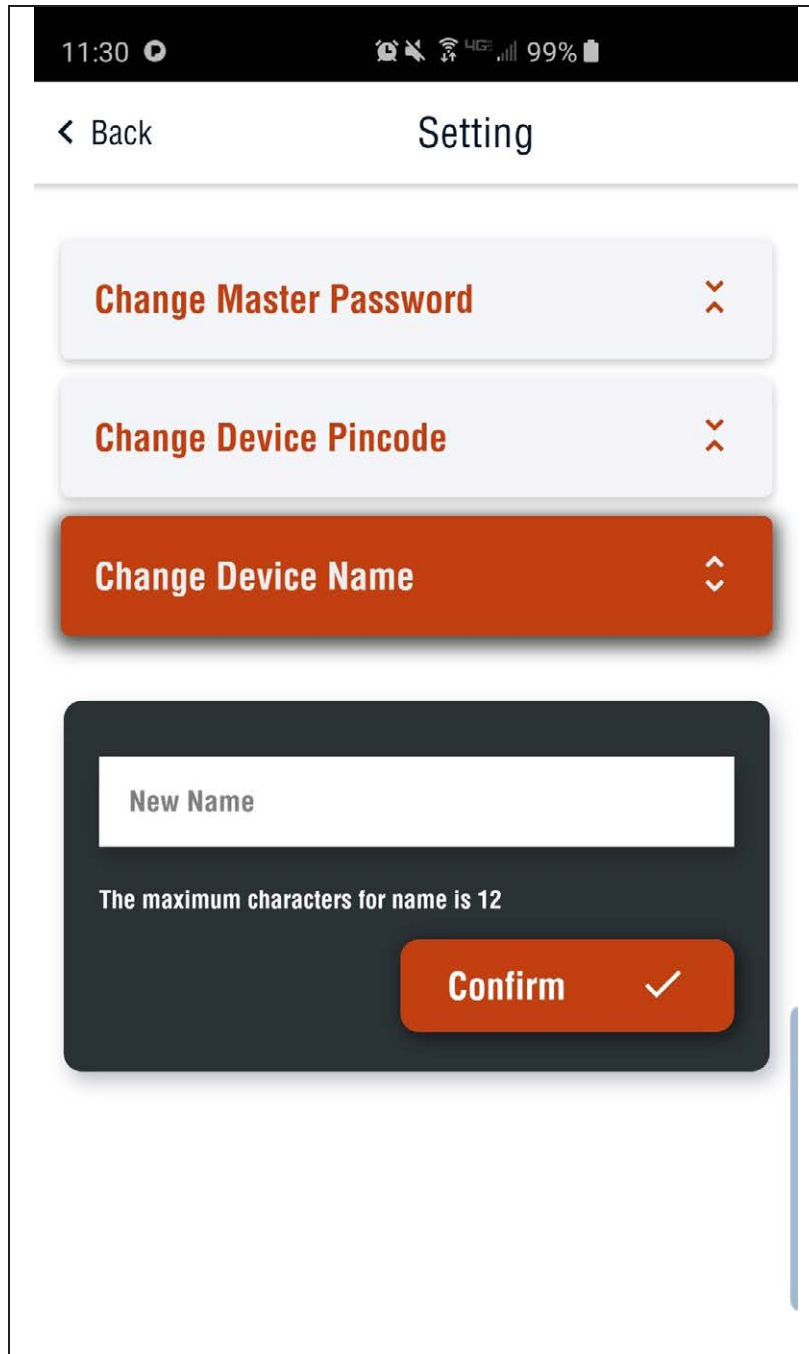

Change Device Name

The **Device Pin code** is used to access the reel's main controls. The pin code must be a 6-digit number. If there are issues after the pin code is changed, please refer to the **Troubleshooting** section.

Choose the **Change Device Pincode** option to expand the form. Toggle **Show Pin code** to help verify the correct input.

SECTION 3 - MOBILE APP USER CONFIGURATION

Change Device Name

The screenshot shows a mobile application interface. At the top, a status bar displays the time 11:30, signal strength, and battery level at 99%. Below this is a navigation bar with a back arrow and the word 'Setting'. The main content area lists three settings: 'Change Master Password', 'Change Device Pincode', and 'Change Device Name'. The 'Change Device Name' option is highlighted with an orange background and a double arrow icon. Below this list is a modal form with a dark background. It contains a text input field labeled 'New Name', a note stating 'The maximum characters for name is 12', and an orange 'Confirm' button with a white checkmark.

Select to open **Change Device Name** form. Enter the device's new name here. After tapping **Confirm**, this is the name that will display once the reel is reconnected.

SECTION 4 - TROUBLESHOOTING APP

Forgot User Password

1. Power down the reel and wait until the power indicator light goes off.
2. Open the cover. Jumper should be on **FR2**.
3. Put the jumper to **FR1** and **FR2**.
4. Power up the board.
5. Verify the password has been reset to the default password.
6. Replace the cover.
7. See **Section 8** on resetting the password.

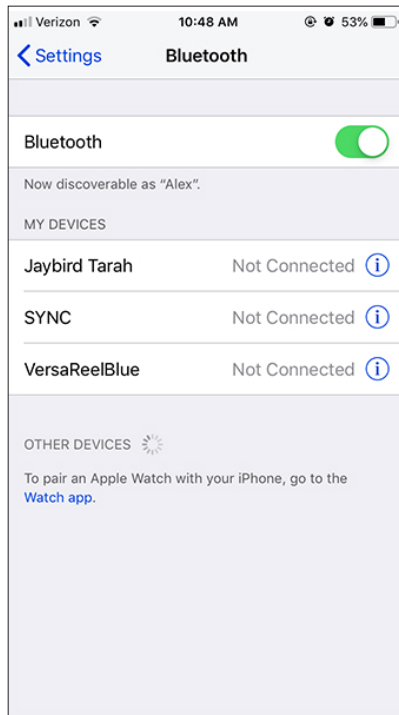

NOTE

An interruption in power to the reel does not cause the current password to reset back to the default password.

Reel control unresponsive after changing Pin code

The phone's memory regarding the device must be cleared.

For iOS:

Go to Settings->Bluetooth.

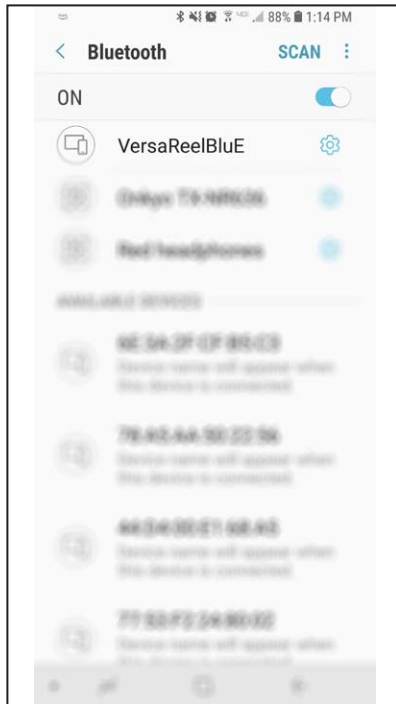

Click the **i** symbol next to your reel under **My Devices**. Select **Forget This Device**, and this will erase the device memory on the phone.

Select **Forget Device**. The next time you control the reel, you will have to input in a new pin code that you have assigned.

SECTION 4 - TROUBLESHOOTING APP

For Android:

Pull down the top screen, and then press and hold the Bluetooth icon. Tap the gear icon next to the VersaReel Blue.

Under the **Paired Device** screen, tap **Unpair** and this will erase the device memory of the phone. The next time you control a reel, you will have to input in a new pin code that you have assigned.

Unable to connect to reel

Disconnect Bluetooth from the phone's **Settings** screen. Turn off, leave off for 5 seconds, then turn Bluetooth back on.

Unable to find reel to control on Available Devices list

There is likely a connection error between the phone and the reel. To fix this issue:

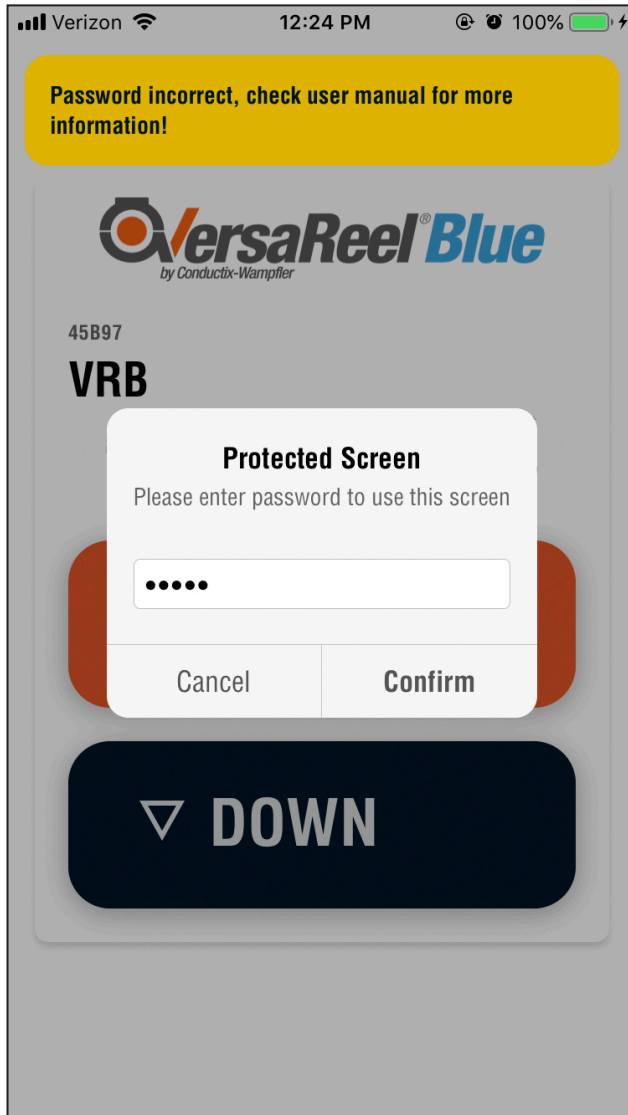

1. Power down the reel.
2. Wait one minute.
3. Power up the reel.

More than one user attempting to use VersaReel Blue at the same time

As a safety feature, only one user can control the VersaReel Blue at a time; all others will not see it as available to connect to. To make the reel available for another user, the controlling user must either disconnect from it manually or turn the screen on the phone/tablet off.

SECTION 4 - TROUBLESHOOTING APP

Incorrect Password Screen

An incorrect password will trigger an error message at the top of the screen. If user has forgotten password, refer to **Forgot User Password** at the beginning of this section.

Reel Damage Warning Screen

At this point, the reel is set up and ready to use. If the user presses either button more than 3 times (at least 0.5 seconds each time), a reel damage warning appears. The user must press **Got It!** to continue using the reel.
