- 3.Airing the atomized head and the bottle.

Troubleshooting

Before asking to have the machine repaired, please try to diagnose the problem first following to bellow instructions.

Breakdown	Solution
Does not diffuse	-Check whether the mode you choose is correct or not. -Check if the machine is during "Non-Working period" -Air pump may be damaged, change a new one. -Check whether the tube is loose or not
Low diffuse	-The atomizing core is blocked, clean by alcohol or change a new component. -Check whether the gasket is damage/loose or not. -Check whether the tube is loose or not
Oil spill	-Check whether the bottle is loose or not -The gasket in the atomized head is damaged or loose.
Oil sprinkle	-The atomized head is damaged, change a new one -The machine is tilted or lie down, keep the machine vertical.
Abnormal noise	-The air pump is loose, retighten the pump -The air pump is damaged, change a new one.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- - Reorient or relocate the receiving antenna.
- - Increase the separation between the equipment and receiver.
- - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- - Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
