First Use

1. Plug in

Remove your Source from all packaging. Plug the power cord into the bottom of your Source, then plug the cord into a wall outlet. All four LEDs will glow for 2–5 seconds. When the LEDs stop glowing, your Source is ready to use.

2. Download the Spansive App

Search “Spansive” on your app store and download the Spansive App.

Download on the App Store

GET IT ON Google Play

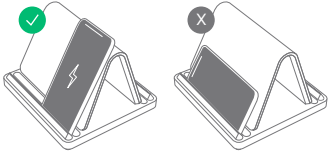

3. Connect to Wi-Fi and register for warranty

Open the app and follow the directions to connect your Source to Wi-Fi and register for our 1 year warranty.

This enables your Source to get better over time, automatically installing updates that improve speed, compatibility, and new features.

4. Start using your Source

Phones must be placed with the screen facing out, and in portrait mode. Your Source is designed with space to wirelessly charge up to four phones simultaneously. Two USB ports on the side of your Source are for charging non-Qi enabled devices.

Indicator Lights Guides

All 4 LEDs Glowing

Each time the Source is plugged into a power outlet, all 4 LEDs will glow for 2–5 seconds. When the LEDs stop glowing, your Source is ready for use.

1–4 LED Glowing = Number of Phones Receiving a Charge

When a phone is successfully connected to the charging surface, a LED will glow. The number of LEDs indicates the number of phones charging, i.e. 1 LED glowing = 1 phone receiving charge; 4 LEDs glowing = 4 phones successfully charging.

Note: No LEDs glow when charging via the USB ports.

All LEDs Flashing Simultaneously = Error Mode

If your Source encounters a problem, all LEDs will flash. If this happens, please try these steps to reset.

1. Remove and unplug all devices being charged

2. Unplug your Source from the power outlet

3. Wait 10 seconds

4. Plug your Source into a power outlet

5. Place your phones and devices for charging

If all LEDs are still flashing after performing these steps, visit spansive.com/support or visit us at support@spansive.com.

All LEDs Slow Pulse = Software Update

Your Source will automatically install software updates. Your Source will need to be connected to Wi-Fi to receive software updates.

When updates are in process, all 4 LEDs will slowly pulse on and off. Updates generally take 5 minutes to perform and your Source will not charge devices while updating. Once the update is complete, LEDs will stop pulsing and your Source will resume charging.

Spansive Source Specifications

Input	Device Dimension
19V / 3.42A	18.5cm x 17cm x 13.5cm
Output (Wireless)	Weight
5W per device	730g (product)
up to 4 devices	190g (power cord)
Output (USB Ports)	
5V / 2.4A*	

*USB charging may be limited to 5V/1A (5W) if 4 devices are charging wirelessly simultaneously.

Additional regulatory and legal information can be found at spansive.com/terms-conditions and spansive.com/privacy-policy.

Manufacturer Address:
1111 Bayhill Drive, Suite 235
San Bruno, CA 94066

FCC Compliance

The Spansive Source complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference; and

2. This device must accept any interference received, including the interference that may cause undesired operation of the device.

Caution: Exposure to Radio Frequency Radiation

To comply with FCC RF exposure compliance requirements, a separation distance of at least 15 cm must be maintained between the antenna of this device and all persons. This device must not be co-located or operating in conjunction with any other antenna or transmitter.

UL Regulatory Information

UL 60950-1, 2nd Edition, 2014-10-14 (Information Technology Equipment - Safety - Part 1: General Requirements)
CAN/CSA C22.2 No. 60950-1-07, 2nd Edition, 2014-10 (Information Technology Equipment - Safety - Part 1: General Requirements)
IEC 60950-1:2005 (Second Edition); Am1:2009 + Am2:2013

California Proposition 65 Warning

The material of this device may contain chemicals known to the State of California to cause birth defects or other reproductive harm. For more information, go to P65Warnings.ca.gov.
