

Quick Start Guide

A285M  
Portable Printer

HVIN:A285MT2  
English

1.Product Introduction

1.1 Packing List

Printer×1

Quick Start Guide  
×1

Type-C Cable×1

Paper Roll×1

The paper roll has been placed inside the printer.

1.2 Printer Parts Instruction

2. Getting Started

2.1 Downloading the App

Method 1:Search for the "Phomemo" app on App Store® or Google Play™ for download and installation.

Method 2:Scan the QR code. You can scan the code using your cell phone's camera, the built-in QR code scanning feature of your browser,or a dedicated scanning app.

As the Safari browser on Apple devices does not support QR code scanning, please use your device's built-in QR code scanner instead.

2.2 Paper Installation Guide

- 01 Long press the Power Button for 3 seconds until the Indicator Light is green to power up the printer.
- 02 Press the cover open button with both hands and lift up the top cover.

- 03 Remove the protective paper.

Please skip this step if your printer does not contain a disposable protective sheet due to different models.

- 04 Unroll the paper roll inside the printer and pull the paper head out higher than the paper exit.

- 05 Put the Top Cover back down, and press down on both of its ends at the same time until you hear a click, indicating the cover is securely closed.

2.3 User Guide: Printing via Mobile App

- 01 Open the "Phomemo" app.
- 02 Grant permissions

For more information about app permissions, see 4.3 Permission Description in the Online Guide.

- 03 Wait for the printer to be searched.

- 04 Tap [Connect Now].

- 05 Connection successful. Please click [Print Image].

- 06 Edit your first image before clicking [Print].

This is an example of printing an image. You can select other texts for printing based on your actual needs.

- 07 Confirm the preview effect of the image and then click [Print].

The software interface is for reference only. Please refer to the actual operating page for accurate information.

- 08 Printing is completed.

3. Instructions for using single-sheet thermal paper

After the printer is turned on, please load the paper with the text side down in the Paper Entry Slot until the printer automatically pulls it in. When the indicator light turns green, it means the paper is successfully loaded.

The printer supports different types and sizes of paper. Please refer to the e-Manual for instructions.  
The printed content will not appear on the side that reads "non-printing side"

6. Information to User

6.1 FCC INFORMATION (U.S.A.)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Note: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harm interference in which case the user will be required to correct the interference at his own expense. The device has been evaluated to meet general RF exposure statement. The device can be used in portable exposure condition without restriction

6.2 ISED NOTICE (Canada)

English:  
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:  
1) This device must not cause interference.  
2) This device must accept any interference, including interference that may cause undesired operation of the device.  
C RF exposure statement:  
The device has been evaluated to meet general IC RF exposure requirement. The device can be used in portable exposure condition without restriction.  
French:  
L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :  
L'appareil ne doit pas produire de brouillage;  
L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.  
C Déclaration d'exposition aux RF:  
L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF d'IC.  
L'appareil peut être utilisé dans des conditions d'exposition portable sans restriction.
