REMOTE CONTROL

How to install batteries
Remove the battery compartment cover from the back of the remote control and place 2 AAA batteries inside the compartment. Make sure the battery polarity matches the polarity markings inside the compartment.

Operation process

1. Connect the DC power cord into a wall socket.
2. Turn the speaker on by long pressing the [POWER] button on the speaker or remote control for 3 seconds.

3.1 Bluetooth mode operation

3.1.1 Press the [MODE] button on the speaker or the [BT] button on the remote control. When the system receives the [BT] signal and a "滴" sound is heard, then go into Bluetooth pairing mode.
3.1.2 During the pairing process, keep the speaker and Bluetooth device within 10 meters of each other.
3.1.3 Set your phone or other Bluetooth device to Bluetooth status.

Bluetooth Connection Method for Android system:

1. Go to SETTINGS>BLUETOOTH(make sure Bluetooth is turned ON)
2. When your Bluetooth enabled device finds the speaker, select "Toro xINFERNO" from the list of found devices. When succeeding pairing, you will hear "滴" beep".
3. [BT] Bluetooth indicator light appears normally on. When play the music, the blue led light will flash slowly.

Bluetooth Connection Method for iPhone IOS system:

Go to SETTINGS>BLUETOOTH(make sure Bluetooth is turned ON)
When your Bluetooth enabled device finds the speaker, select "Toro xINFERNO" from the list of found devices. When paired successfully, you will hear "滴" beep".
[BT] Bluetooth indicator light appears on. When play music, the blue led light will flash slowly.

- Frequency Response: 20Hz~20KHz

- Distortion: <1%

- Driver Size: 1.5" * 2 + 2.5" * 2 + 8"

Malfunction analysis:

Consult the after-sale service for help.

Legal information:

Any copy, changes or modifications of the user manual
humid
not expressly approved unless dealer's permission.

Caution:

- Do not take this apparatus apart or repair it.
- Do not use this apparatus near water and humidity.

- Clean only with a dry cloth.

Limited Warranty:

You may within 1 year from your original date of purchase return it to the authorized service for repair.

Cautions and warnings:

- Do not use the Bluetooth speaker near water or humidity; do not put the device near the bathtub, water closet, pool and so on.
- Do not install the Bluetooth speaker in extreme hot or cold environments.
- Do not expose the device in the sunshine directly.

- Do not use the device near fire, such as, stove, candle or fireplace and so on.
- Do not use abusive cleaning solvents to clean the Bluetooth speaker.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

— Reorient or relocate the receiving antenna.
— Increase the separation between the equipment and receiver.
— Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

— Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Warning: Changes or modifications to this unit not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment

Specification

- Soundbar size: 1400*66*75mm
- Bass size: 360*280*248mm
- BT working distance: 10m
- S/N: >80db
- INPUT: 100-240V~2A Max 50/60Hz
- Power DC: DC 18V/4.5A

Production number:

Model: D-36H8

Material number:

Material name: User Manual

Other requirements:

Other requirements: 105g copper plate, black and white printing

Other requirements: If required, fold and fold after completion, size: 85*110mm

Other requirements: Content based on engineering sample as reference
