

USER MANUAL

3-CHARGING THE SPEAKER

- 1-Full recharge takes 8-12 hours
 - 2-Please use the supplied charging cable to charge the speaker .
 - 3-When you are using your unit while it is plugged to an external power source, be sure the battery switch is ON.
 - 4-To protect the lifespan of the built-in battery, be sure to fully charge your unit on the same day the battery runs out.
- Not charging your unit right away can affect the performance of the battery.

4-WIRED MICROPHONE INSTRUCTIONS

- 1-Insert the microphone plug into the microphone input jack.
- 2-Adjust the microphone volume knob MIC VOL for proper volume.
- 3-Adjust the echo depth to the proper position.
- 4-Now you can start using your microphone.

5-WIRELESS CONNECTION

You can connect your compatible wireless devices such as a cellphone, computer etc., to listen to your audio tracks from this speaker.

Press the MODE button on the speaker, or press the MODE button on the remote control to enter wireless mode, indicated on the LED display.

Using the native controls on your device, select "model number" in your settings to pair, and once successful, you will hear a sound of notice on the speaker.

WARNING

WARNING: TO REDUCE THE RISK OF FIRE OR SHOCK, DO NOT EXPOSE THIS PRODUCT TO RAIN OR MOISTURE

CAUTION: TO REDUCE THE RISK OF FIRE OR SHOCK, DO NOT REMOVE COVER OR BACK. NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED PERSONNEL

The exclamation mark inside an equilateral triangle is intended to alert user of the presence of the important operating and maintenance (servicing) instructions in the literature accompanying the product.

The lightning flash with arrowhead symbol inside an equilateral triangle is intended to alert User of the presence of an un-insulated "hazardous voltage" within the product's enclosure, which may be of sufficient magnitude to induce a risk of electric shock to persons

NOTES:

Please do not attempt to open the back cover or power adapter as opening or removing the covers may expose you to dangerous voltage or other hazards, and it will also cause the restricted servicing to be disabled: There are no user servicing components inside.

PRECAUTIONS

To prevent operational problems or serious damage to the Speaker unit, please follow the below precautions:

1. Pull out the power cord from the end of the plug. Do not pull the wire.
2. The Speaker should be kept away from other heat sources.
3. Do not attempt to open the internal speaker unit or change the circuitry as this may cause the unit to be damaged or cause an electrical shock.
4. If you are not going to use the unit for a long period of time, pull out the plug and store in a cool dry place.
5. Ensure the Speaker is properly ventilated & kept in a dry location. It is recommended that the speaker be kept about 4 inches away from any wall or object.

WARNING : Do not use this Speaker in any wet location, in the rain or a location with high moisture. Do not place any liquids or other objects on the Speaker as this may cause an accidental short.

* Specifications are subject to change without notice.

*All Trademarks and trade names belong to their respective owners.

Warning:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver

The distance between user and device should be no less than 20cm
