

Wireless Charger

Model: KT-5W1

Product Parameter

- ◆ Charging Type: Wireless magnetic induction
- ◆ Standard: Qi
- ◆ Input: DC5V/2A
- ◆ Output: DC5V/1A
- ◆ Transmit power: 5W
- ◆ Transmit distance: 4-9mm
- ◆ Material: ABS+PC
- ◆ Product size: 70*70mm

Product Size

Product Feature

Small size, Strong power, and suction

multipoint counterpoint, firmly adsorbed, still strong adsorption even if bumpy or sudden acceleration.

FCC Warning

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part15 of the FCC rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
