# How to sync External calendar to your account

Before sync external calendar, please refer to the Quick Start Card to ensure that your calendar device and the Whale Framely app have been successfully paired.

1: Sync operations can only be completed through the app. See the following picture:

When you sync your external calendar (such as Google, iCloud, etc.) with Whale Framely, any changes made to the source calendar will be automatically updated in the Whale Framely calendar.

## Note:

iCloud compatibility: iPhone 6s or later, with at least 16GB of storage, running iOS 13.0 or higher.

### Video tutorials

Scan this QR code, you'll find a step tutorial on how to sync your Google Calendar, Apple Calendar (iCloud), Outlook Calendar, and compatible calendars on your account.

# Important Notes for Calendar Sync

1. Google Calendar is the only service that supports two-way sync (changes update in both directions). For other calendars (e.g. iCloud, Outlook, etc.), the sync is one-way (changes update only from the app to the calendar).

2. **iCloud Sync:** If you can't find the "Share Link" option as prompted by the app, make sure calendar permissions are enabled in your iCloud settings. Follow these steps:

- (1) Go to Settings > [Your Name] > iCloud.
- (2) Tap See All (or Show All), then select iCloud Calendar.
- (3) Turn Use on this iPhone on.

**Note:** Screenshots provided are for reference only. The exact layout and options may vary slightly depending on your operating system version, so some features might be located in different places.

# Create Event

You can create events directly through your calendar or the Whale Framely app. Your event will be automatically synced between your calendar and the app.

## • How to Create an Event on Your Digital Calendar ?

- 1: In the calendar section, Tap the “ + ” icon in the bottom right corner of the screen
- 2: Enter event details: On the next page, fill in the event title, time, and any other relevant details.
- 3: Save event: Once you've reviewed the information and confirmed it's correct, tap the “Save” button. The event will be instantly added to your calendar.

## • How to create an event on a Whale Framely app ?

1. Launch the App: Open your "Whale Framely" App ,you have two options to create an event:

① Go to the "Device" module and select the calendar you want to manage.

② Alternatively, choose "Events" in the "Home" module.

2. Add event(s): Tap the “+” icon at the bottom right corner of the screen.

3. Enter event details: On the next page, fill in the event title, time, and any other relevant details.

4. Save event: Once you've reviewed everything and confirmed it's correct, tap the "Save" button. Your event will be instantly added to the calendar.

# Create list

You can create a list via your calendar or Whale Framely, and it will sync across both platforms.

## • How to create an list on your digital calendar?

1. Open the list module on the device.
2. Tap the "+" icon in the bottom right corner of the screen.
3. On the next page, enter the list creator, title, and other details.
4. After reviewing the information, click "Save" to confirm. The list will sync and appear in your app.

**Tips:** In the create interface , if you've accidentally created a list you don't need, simply swipe left or right to delete it.

## Reminder:

By default, your calendar device will display lists with completed items. To hide them, go to **Settings > Calendar**, then enable the "**Hide Completed Lists**" option.

## • How to create an list on Whale Framely app?

1. Launch the App: Open your "Whale Framely" App. here are two way to create:

① find the lists you want to manage in the "Device" module.

② Choose "Lists" in the "Home" module.

2. Add a New List: Tap the "⊕" icon in the bottom right corner of your screen to begin creating a new list.

3. Enter List Details: Type in the list title, choose a category label, and add your to-do tasks underneath.

4. Save the List: Once you've double-checked everything, tap "Save" and your list will automatically appear on the selected calendar.

# General Settings

Make sure that the time zone on your phone matches the time zone of the calendar device at all times.

**No reminders during sleep mode.**  
If a scheduled event is set while the calendar is in sleep mode, no reminder will be triggered. However, once the calendar is activated, the reminder will be delivered immediately.

# Account Management

## Invite new members

To invite a new member to manage events together, simply tap the “Invite new members” button and share the generated pairing code or QR code through your preferred method.

The screenshot shows the 'Accounts' section of the app. On the left is a sidebar with icons for Dashboard, Calendar, Lists, and Settings. The main area is titled 'Accounts' and lists four accounts: ABC, EFG, HIJ, and KLM, each with a color-coded status indicator (purple, yellow, red, blue) and a 'More' button. Below this is a 'Wi-Fi' section and a 'More' section. At the bottom is a 'Invite new members' button with a plus sign and a red arrow pointing to it. To the right is a 'Invite new members' panel. It contains a QR code, a pairing code (11 22 33 44 55), a 'Refresh' button, and a note that the code is valid until 2029-02-15 05:00:00 AM. It also includes a note about binding devices via the WholeFramely App.

Bind your device with QR code or pairing code via WholeFramely App. You can invite members to share their events. Each member is required to be paired only once.

You can invite a new member here. Find the pairing code or QR code on the digital calendar. Please note that the invitation code is valid for 48 hours, so ensure the binding is completed within this timeframe.

## Unbind the connected calendar

You can unbind a member on “Account” module. Once unbind , that member will no longer be able to manage the events in your calendar.

The screenshot shows the 'Accounts' section of the app, similar to the previous one but with a 'Unbind' panel on the right. The main area lists accounts ABC, EFG, HIJ, and KLM. The 'Unbind' panel contains a note about disconnecting from the account and a large red 'Unbind' button. A red box highlights this button. Below it is a note about removed connections and event sync.

## How to remove a connected calendar in “Whale Framely” App?

1. Tab the **Devices** modules, and you'll see a list of all connected devices.
2. Select the device you want to disconnect. Then, tap the icon next to the calendar you wish to remove.
3. Review the confirmation message, and tap **Unbind** to confirm.

# FAQ

If you have any questions about how to use or set up your Digital Calendar, please contact us at help via email: [support@ibigasuo.com](mailto:support@ibigasuo.com)

Unable to invite new members	The invitation code has expired. Please note that both the QR code and pairing code are valid for 48 hours. If more than 48 hours have passed, please generate a new invitation code.
How to Hide Completed Lists	go to Setting - Calendar, find the "Hide completed lists" option, and enable it.
Created a schedule but I didn't receive a reminder.	Please check if the schedule falls within the sleep mode period. If the schedule is set during sleep mode, reminders won't be triggered. However, the reminder will activate once the calendar device is awakened.
Time/date wrong after restart	Check Wi-Fi in Settings to ensure a stable connection for proper sync.
Why can't I edit iCloud-synced calendars on the calendar device?	iCloud does not support two-way sync, so edits cannot be made on the calendar device. Only Google Calendar supports two-way synchronization.
What should I do if I encounter unclear issues?	If you have any questions, feel free to contact us at <a href="mailto:support@ibigasuo.com">support@ibigasuo.com</a> . We're here to help!

# FCC Warning Statement

## FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
