Authorization Letter

FEDERAL COMMUNICATIONS COMMISSIONS

Authorization and Evaluation Division

7435 Oakland Mills Road

Columbia, MD 21046

We, Mrinq Technologies LLP, hereby declare our device, Wireless Module: SPNYPAMOD-52832, FCC ID: 2ATL5SPNYPAMOD, has Bluetooth mesh, ANT, and 2.4GHz proprietary stacks. For marketing purpose, when we market to United States, only Bluetooth Low Energy will be active. Other functions will be disabled by installed software, and end users can't enable it.

If you have any question or concern, please contact in with us

Sincerely,

A handwritten signature in blue ink, appearing to read "Brosnan Gomes", with a long horizontal stroke extending to the right.

Brosnan Gomes / Senior Engineer - Hardware Development
