\* The pictures involved in this manual are all illustration. Final product is subject to the actual object.

\* Inside package including: Mirror wireless charger, USB charging cable, User manual.

\* Power adapter is not included.Please purchase otherwise or use conforming adapter

## ≡. Specification:

Input: 5V  4A 9V  4A 12V  3A Output

1:Phone 15W (MAX)

Output 2:USB-C 5W (MAX)

Charging efficiency: ≥73%

Charging distance: 2-5mm

Wireless charger work frequency: 110-205KHz

Speaker Power: 1\*5W

Bluetooth transmission distance: 30m Product

size:356.7\*230\*148mm

#### FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This device must operate with a minimum distance of 20 cm between the radiator and user body.
